Ch.5 OUR CLOTHES

ASSIGNMENT NO.1

SUBJECT: EVS

CLASS – IV _____

JULY 2025

NAME : _____

DATE: _____

Q.1 Choose the correct option.

- a) _____ involves forming of various designs or patterns on the coloured fabric.
- (i) weaving (ii) washing (iii) printing (iv) dyeing
- b) Nylon is durable than any of the natural fibres.
- (i) True (ii) False

Q.2. Answer the following questions.

- a) Define warp.

- b) How is spinning done nowadays?

c) Explain the process of making fibre to fabric in detail.

Q.3 Read the extract carefully and answer the following.

Clothes are the things that we wear to cover our body and to keep us warm, safe and to protect us from harsh weather conditions. People wear different kinds of clothes in different seasons. Natural clothes like cotton, wool and silk are natural fibres and they are obtained from plants or animals. Man-made fibres like nylon, rayon, terylene and polyester are made using chemicals. We should take care of our clothes washing, dry cleaning, ironing and proper storage.

a) Why do we wear clothes ?

a) We can take care of our clothes by _____, _____,
_____ and _____.

Q.4. Assertion and Reasoning based question:

Assertion : Different kinds of fabrics are used to make different type of clothes.

Reason : We wear different types of clothes in different seasons.

A

Only A is correct.

B

Both A and R are correct and R is the correct explanation for A.

C

Only R is correct.

D

Both A and R are correct but R is not the correct explanation for A.

Q.5. Assertion and Reasoning based question:

Assertion : Special treatment is given to the finished fabric.

Reason : It gives the fabric a rough and dull look.

A

Only A is correct.

B

Both A and R are correct and R is the correct explanation for A.

C

Only R is correct.

D

Both A and R are correct but R is not the correct explanation for A.

Q.6 Identify the pictures and label them.

Ch.3 FOOD WE EAT

ASSIGNMENT NO.2

SUBJECT: EVS

CLASS – IV _____

JULY 2025

NAME : _____

DATE: _____

Q.1. Answer the following questions.

a) Define ingredients.

b) What are nutrients? Why are they important?

Q.2. Choose the correct option.

a) Cooking makes the food

(i) tasty (ii) soft (iii) flavourful (iv) all of these

b) Proteins repair the injured parts of the body and help the body to grow.

(i) True (ii) False

Q.3. Identify the technique of cooking and write its name.

Q.4. Read the extract carefully and answer the following.

Rohan saw his grandmother making pickles in the kitchen. He was curious to know that how these pickles stayed fresh for so long? His grandmother explained him that lot of salt is put in the pickles and salting is one of the ways of preserving food. She also told him that food can be stored and kept fresh for a longer period of time by boiling, freezing, sweetening and dehydration. She told her that food items like fish, chips etc. are dried in the Sun to remove water and stop the growth of germs in them.

a) Mention all the ways of food preservation.

b) Murabbas are an example of sweetening. (True/false)

c) Why chips are dried in the Sun?

Q.5. Assertion and Reasoning based question:

Assertion : We should drink 6 to 8 glasses of water daily.

Reason : Water helps in digestion of food.

A

Only A is correct.

B

Both A and R are correct and R is the correct explanation for A.

C

Only R is correct.

D

Both A and R are correct but R is not the correct explanation for A.

Q.6. Assertion and Reasoning based question:

Assertion : We should include pulses, meat, egg and fish in our diet.

Reason : They are a good source of carbohydrates.

A

Only A is correct.

B

Both A and R are correct and R is the correct explanation for A.

C

Only R is correct.

D

Both A and R are correct but R is not the correct explanation for A.

Q.7. Draw and colour your favourite healthy snack/dish.
