The Sports Meet where students participated enthusiastically in various athletic events, demonstrating teamwork, perseverance, and sportsmanship was a grand success. Innovative projects and experiments highlighted our students' curiosity and dedication to scientific inquiry. Community service projects helped our students learn the value of empathy, responsibility, and kindness.

Our second graders made remarkable progress in reading and writing, showcasing their dedication and love for literacy. Students have developed a strong foundation in basic arithmetic, demonstrating proficiencies in problem solving. Our young learners also developed a strong foundation in Hindi. With interactive lessons and hands-on experiments, they explored various EVS topics that fostered a sense of curiosity about the world around them. STEM-integrated projects broadened their educational horizons. Students also participated in art, games, music and dance sessions that promoted coordination, teamwork, and overall fitness in them.

Thank you for your continued trust and partnership. Together, we create a nurturing environment where our children can thrive and achieve their fullest potential.

Warm regards,

We celebrated Holi, the festival of colors, in an eco-friendly way using fresh marigold and rose petals. The teachers told us the story of Prahlad and Holika to explain the meaning of Holi. We danced to happy festive music and had so much fun!

After the Holi celebration, it was time for our Class Party! The Grade 1 students played fun games like musical chairs and freeze dance. Everyone brought yummy snacks, chips, chocolates, and special Holi treats like gujiyas to share with friends.
