

SPEEDY SCOOPS

EVENT: Fun Cone Race with Balance Skills

DATE: 17 July 2025

CONDUCTED BY: Prep Classes

The **Prep classes** had a blast during the exciting **Ice Cream Cone Race** activity! 🍦🏃 With wide smiles and eager energy, the little ones raced to the finish line while **balancing a ball on a cone**—a fun twist that brought plenty of laughter and cheers.

This playful race wasn't just about speed—it was a wonderful way to develop **balance, coordination, and concentration**. As the children carefully moved forward without dropping the ball, they practiced key physical skills while staying engaged and active.

The activity was a perfect blend of fun and fitness, turning a simple race into a joyful learning experience. It was heartwarming to see our young learners building confidence and teamwork through movement and play!
