

WORLD PAPER BAG DAY 2025

EVENT: World Paper Bag Day

DATE: 11 July 2025

ORGANISED BY: Class 2

Class 2 Celebrates World Paper Bag Day with Creativity and a Green Message

On the occasion of *World Paper Bag Day*, the young learners of **Class 2** at **Bloom Public School** took a wonderful step toward sustainability by participating in a *Paper Bag Making* activity using old newspapers. They enthusiastically embraced the opportunity to learn about eco-friendly practices in a fun and creative way. This hands-on experience encouraged them to think about the impact of their choices on the environment.

Guided by the values of reuse and recycling, each child crafted their own unique paper bag and beautifully decorated it using *leaf printing*—a delightful blend of creativity and nature.

The activity was met with excitement and enthusiasm, as every student actively participated and proudly showcased their imaginative designs. Through this hands-on experience, our eco-warriors not only discovered the joy of crafting but also learned a valuable lesson about the importance of reducing plastic use.

At the heart of the celebration was a powerful message: **"Paper bags are a superhero's best friend!"** Reusable, recyclable, and earth-friendly, these simple creations taught our children that small actions can make a big difference.

The initiative was a joyful reminder that the seeds of environmental consciousness are best sown early—and that our young learners are more than ready to lead the way!
