NATIONAL AI DAY

EVENT: Assembly on National AI Day
DATE: 16 July 2025
CONDUCTED BY: Class 11-A

Celebrating the Power of Artificial Intelligence

The students of **Class XII-A** at **Bloom Public School** conducted a thought-provoking and engaging **morning assembly** on the theme **"National AI Day – AI Appreciation Day"**, highlighting the growing importance of **Artificial Intelligence** in today's rapidly evolving world.

The assembly shed light on how AI is transforming various sectors such as healthcare, education, communication, and transportation. Through informative speeches, real-life examples, and interesting insights, the students helped their peers understand the relevance of AI in our daily lives and its potential to shape the future.

The presentation not only celebrated the advancements in technology but also emphasized the need for responsible innovation and ethical use of AI. It was a commendable effort by Class XII-A to raise awareness and spark curiosity about the role of AI in creating a smarter, more efficient world.

The assembly was both educational and inspiring, leaving the audience with a deeper appreciation for the possibilities that Artificial Intelligence holds.
