Venue: School Auditorium

Content:

A CCD workshop on *Goal Setting and Time Management* was conducted for Grade IX students. The session aimed to equip students with essential skills to set clear, achievable goals and manage their time effectively. The resource person engaged the students through interactive discussions and real-life examples, helping them understand the importance of prioritizing tasks, avoiding procrastination, and creating a balanced routine. Students also participated in hands-on activities to practice SMART goal setting. The session was highly informative and motivating, encouraging students to take responsibility for their academic and personal growth with a focused mindset.
