

## PRIME NUMBERS IN PLAY

**ACTIVITY: Word Search Activity**

**DATE: 6 August 2025**

**CONDUCTED BY: Class 6B**

To spark curiosity and excitement around the topic of **prime numbers**, students of **Class 6B** were introduced to the lesson "*Prime Time*" through a **Word Search activity** using **ActivInspire**.

This interactive and fun-filled task not only engaged the learners but also helped them **identify, recognize, and spell key vocabulary** associated with prime numbers. The visual and hands-on nature of the activity made the learning process both enjoyable and effective, setting a strong foundation for the mathematical concepts to follow.

It was delightful to see the students collaborate, think critically, and build their number sense—all while having fun!
