

MATCH AND LEARN

ACTIVITY: Gender Matching – Learning with Fun

DATE: 12 August 2025

CONDUCTED BY: Class 2

A **Gender Matching Activity** was conducted using *ActivInspire* with the aim of engaging every child in the learning process. Students actively came forward to match words with their correct gender forms on the smart board. The interactive format created excitement in the classroom, making the lesson lively, enjoyable, and easy to understand.

This activity not only strengthened the children's grammar skills but also encouraged teamwork, quick thinking, and confidence while using digital tools. By making learning hands-on and participative, the session ensured that each student got an equal opportunity to learn and grow.

Learning Outcome:

The students enhanced their understanding of gender forms in grammar, actively participated in the learning process, and became more confident in using digital platforms for education.
