COLLOQUY

"The most overwhelming key to a child's success is the positive involvement of the parents and the teachers."

To apprise the parents about the upcoming assessments and answer their queries pertaining to the same, an interactive session was conducted on Saturday, 12th September 2020 for the students and parents of Grades III-VIII. The panel included the Headmistress and the teaching faculty of the respective grade. We, at Xavier's, strongly believe that together we can give our children the roots to GROW and the wings to FLY.
It was indeed a great COLLOQUY!

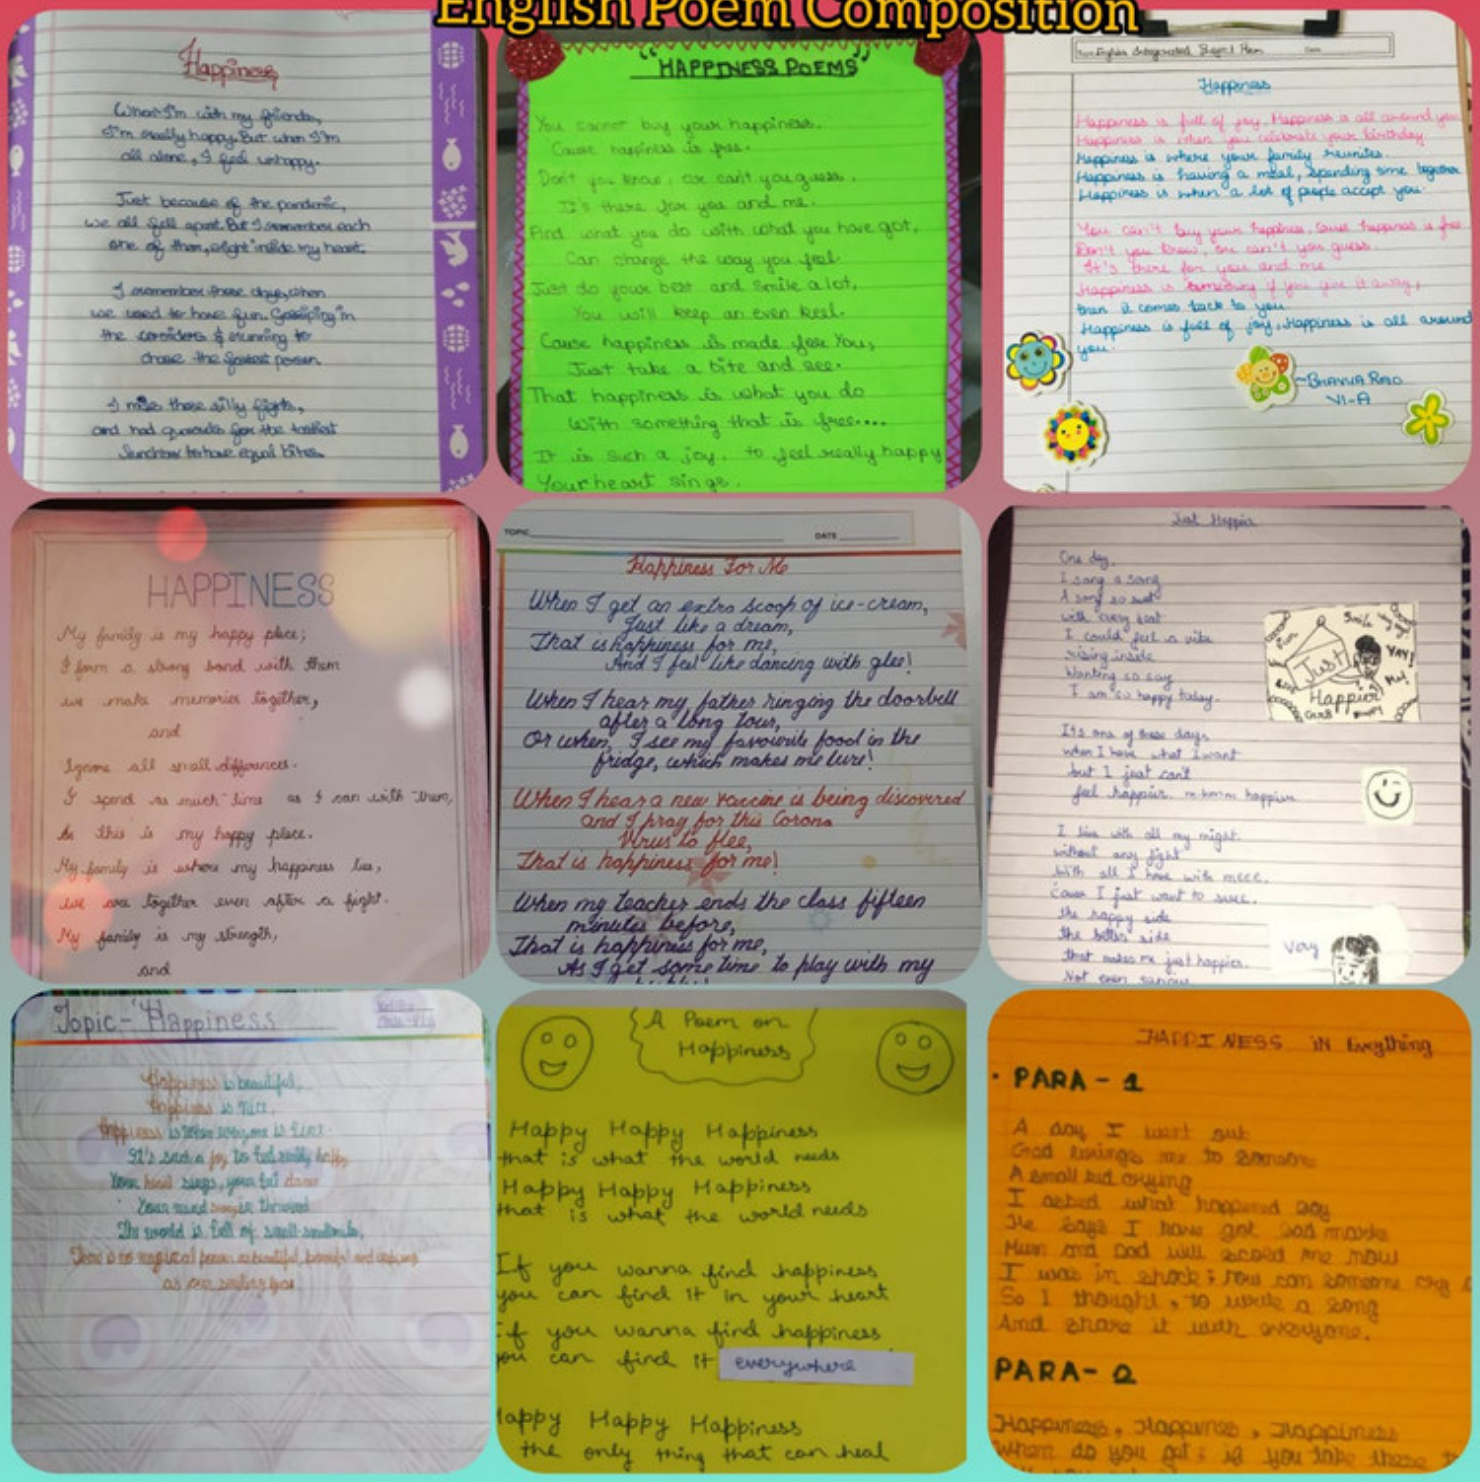

"The man who does not read books has no advantage over the one who cannot read them."

ACADEMIC ENRICHMENT ACTIVITIES

Xaverians' Make a Difference

Subject Enrichment Activities give a spurt to the learning skills of a child. The child steps into an area of their interest, where creativity is unfettered. Enrichment activities throw open plenty of opportunities for the students, as a natural extension to their scholastic pursuits. It is this interest that sustains the enthusiasm of students to put their best foot forward, academics or otherwise.

ACADEMIC ENRICHMENT ACTIVITIES

Xaverians' Make a Difference

Some children learn best by looking at visuals. Some children learn best by listening to a parent or teacher speak. And some children learn best by reading and writing about something. These are called visual, auditory, and reading/writing learning styles, respectively. But there is a fourth learning style that is easy to overlook: Kinesthetic learning, which is a fancy way of saying "learning by doing." There are a lot of theories about why hands-on learning is so effective. The reality is, there is no single reason "why." But one hard-to-argue fact about hands-on learning is this: It is incredibly engaging. When students are forced to do something, they are engaged in active learning. They're practicing their skills and they're putting their knowledge to the test. Most importantly, they are actively creating knowledge, instead of passively consuming it. In order to create, in order to do, students must be engaged in their education. And engagement has for years been linked to greater academic success like increased test scores and greater academic achievements.

CLOTH DONATION DRIVE

Your greatness is not what you have, it's what you give
Winters are here and while we're busy upgrading our wardrobe with boots, leather jackets, and snug sweaters, there are those who do not have access to enough clothes to keep them warm this season.
We live in times of exciting change. A change driven by our desire to do something meaningful. Keeping the same thought in mind, today, St. Xavier's High School Sector-49 Gurugram, donated clothes to help the less fortunate people.
The clothes which were received from our little Xaverians were distributed on the roads to poverty stricken, deprived people to bring happiness in their lives during cruel winter season.
We hope that this act of ours make someone in need Smile

WORLD VEGETARIAN DAY

"Being a vegetarian is the perfect way to attain peace and serenity in one's life." World Vegetarian Day was founded in 1977 by the North American Vegetarian Society (NAVS) and was endorsed by the International Vegetarian Union in 1978. October 1st is the annual kick-off of Vegetarian Awareness Month. It seeks to raise awareness about the health benefits of living a vegetarian lifestyle. Educational programs highlighting environmental issues and ecological projects typically occur around this day. There are also campaigns advocating for the humane treatment of animals. Vegetarian Awareness Month has a connection to Mahatma Gandhi. It's sometimes called Reverence for Life Month and is related to Gandhi's birthday (October 2nd) and to his principle of nonviolence. Let's make a difference this October by informing others about the benefits of vegetarianism. It will help to create a better world because vegetarian diets have proven health benefits, save animals' lives, and help to preserve the Earth. "Stop Eating Flesh, Eat Nature Fresh."

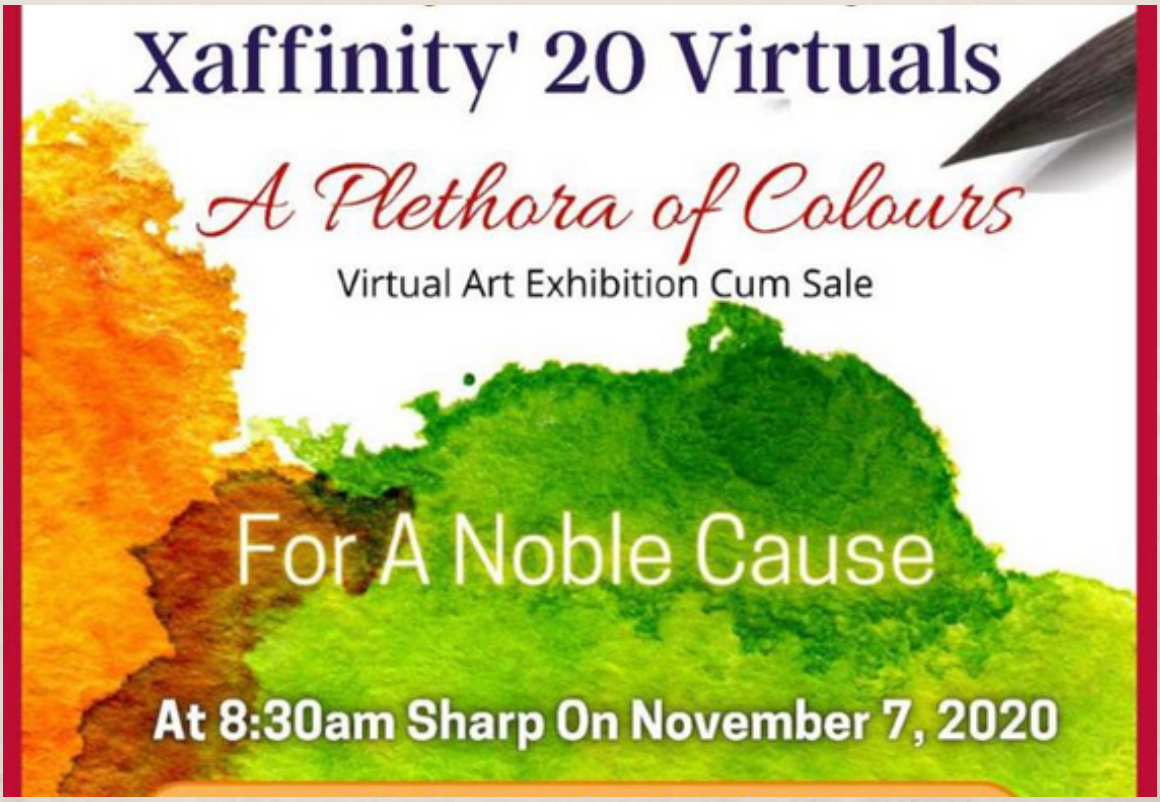

WORLD FOOD DAY

""“If you can’t feed a hundred people, then just feed one.” - Mother Teresa There’s enough food produced in the world to feed everybody. Yet, one in every nine persons worldwide goes hungry. The above fact would definitely shatter your heart into pieces but unfortunately, this is the truth!
St. Xavier’s High School has always aimed at raising responsible citizens and torch bearers of tomorrow. On World Food Day, we urge our dear parents and lovely students to join us and contribute to the fight against hunger. After all, food is the glue that binds everything and all of us together. Let’s do our bit to reach out to the less privileged ones and make a difference to the mankind - Our little steps, will lead to big results one day!

Say No To Firecrackers & Yes To Happiness

Firecrackers have become an integral part of every celebration. Infact special events are now incomplete without bursting them. Everyone loves the spectacular visions and colours in the sky. Its illumination brightens up every occasion. However, all this show is only stunning to look at. The impact it has on the environment and the health of the people is worrisome. CHILDREN'S DAY

***"Children are our nation's future, Nurture them right." Children's Day also known as *Bal Diwas is celebrated on 14th November in India to commemorate the birth anniversary of Pt. Jawaharlal Nehru. Jawaharlal Nehru had immense love, care, and affection for children and so, the children called him Chacha Nehru. He was mainly fond of children and roses. According to his philosophy children are the building blocks of the nation and hence, the future of the nation depends on how well they are brought up. Children's Day is celebrated to raise awareness among people towards the rights, care, and education of children.Nehru has left behind a legacy of education for the children of India. His vision led to the establishment of AIIMS, IIT and IIM. WORLD ANIMAL WELFARE DAY

"The greatness of a nation and its moral progress can be judged by the way its animals are treated." - Mahatma Gandhi.

World Animal Day is an international day of action for animal rights and welfare celebrated annually on October 4, the feast day of Francis of Assisi, the patron saint of animals. It celebrates the relationship between humankind and the animal kingdom.

We can't ignore that animals play an important role in our lives. They not only provide support and enrich our lives but also give companionship and make us better human beings. This day provides us an opportunity to serve animals and be a part of something special.

"You learn something every day if you pay attention."

LENDING AN EAR: IMPROVING LISTENING SKILLS'

It's rightly said that communication is like throwing and catching a ball. You need to be alert to receive information through reading and listening in the same way you need to be alert to receive a pass on a football pitch. The art of listening may be floundering in these days of reducing attention spans. But this is a precious life skill that needs to be honed. And that's the reason whyGod has given us two ears and one mouth? Ever wondered why? So that we speakless and listen more. St.Xavier's High School, Gurugram had a LIVE conversation on 17 October, 2020'Lending an Ear: Improving Listening Skills', where our Xaverians discussed the importance of active listening and explore a variety of listening skills which
expanded and enriched our experiences at home and in public.
We were super thrilled to have an eminent and iconic personality of Indian Film,Television and theatre Ms. Jayshree Arora as the Guest Speaker of this event.

"The fundamental purpose of school is learning, notteaching."

MORNING ASSEMBLIES

Morning assembly undoubtedly holds the numerouno position out of all the routine activities in St. Xavier's High School. It aids community participation as well as hones the skills of children on account of healthy competitive spirit between different groups. Probably it's the first platform which is provided to young minds, boosting their confidence towards public speaking and imbibing a feeling of team spirit in their nascent minds and that's too on a virtual platform.An assembly has always been an important aspect of a school's curriculum. It makes a positive contribution to students' self development by building their confidence by giving them an opportunity to speak up and share their ideas.To achieve the same goals virtual class assemblies of all the sections of Grade VI were conducted every Tuesday.

'CONFLATION: A UNIQUE BLEND OF THE PROFOUND SAGA OF RAMAYANA'

Generations after Generations and centuries after centuries, Ramayana has been the book India's people, culture and rulers have looked upon to learn virtues to lead their lives and follow 'Dharma'. The stories, shlokas and Ramayana quotes are a treasure house of knowledge which inspire people to lead a righteous and virtuous life. Good deeds are the means to reach a higher plane and likewise bad deeds lead to destruction and doom — is the ultimate message that the Ramayana teaches. The truth that each one is responsible for his acts, good and bad and will have to face the consequences is strongly stressed. It is shown that even birds and animals will be of assistance to one who treads the right path; but to him who chooses the wrong path, even one's kith and kin cannot be of any help. To depict the beautiful messages from this great epic, Xaverians from grade III- VIII came live on Facebook to present 'Conflation: A Unique Blend of the Profound Saga of Ramayana' entailing 6 episodes from 19th October- 24 October 2020. "Beauty may leave the moon, Himalayas may become bereft of snow, the ocean may transgress its shores but I will never violate the promise given by my father." – Lord Rama.

HAPPY HALLOWEEN

Halloween, also known as All Saints' Eve is a celebration observed in many countries on 31st October. The tradition originated with the ancient Celtic Festival of Samhain, when people light bonfires and wear costumes to ward off ghosts. In the eighth century, Pope Gregory III designated November 1 as a time to honour all saints. Soon, All Saints Day incorporated some of the traditions of Samhain. The evening before was knows as All Hallows Eve, and later was famously knowns as Halloween. Halloween activities include the age old favourite Trick-or- Treat, carving pumpkins into Jack-o-lanterns, lighting bonfires, apple bobbing, playing pranks, visiting haunted attractions and the best of all dressing up asyour favourite scary characters like Dracula, Witches, Superheroes, Jack-o-lantern and of course the alltime favourite Zombies. Keeping up with the tradition and the Halloween fever which has already started igniting within us to look our scariest, we at St Xavier's High School, Gurugram Sec -49, have organized a scary extravaganza for our children. An interclass competition, Dress To Scare on 31st October 2020, for the students of grade III To VI was conducted.

"When educating the minds of our youth, we must not forgetto educate their hearts."

DECORATING YOUR OWN SOCKS

A Christmas stocking is an empty sock or sock-shaped bag that is hung on Saint Nicholas Day or Christmas Eve so that Saint Nicholas can fill it with small toys, candy, fruit, coins or other small gifts when he arrives. In some Christmas stories, the contents of the Christmas stocking are the only toys the child receives at Christmas from Santa Claus. Some people even put their Christmas stocking by their bedposts so Santa Claus can fill it by the bed while they sleep. Students of grade VI enthusiastically participated in cutting a decorating a sock with the material available with them.

Thank you kavita Ma'am and to all the teachers for ur support n guidance to Rishit. You all are Working so hard in present scenario and I understand It's not easy to teach online, taking care of each child , making them understand again n again .....but you all have made this possible.

Thanks to all of U 🙏🙏👏👏

Hello mam,

I would like to thank you and all the teachers for all the initiatives taken to keep the kids engaged.

Assemblies - enable them to present themselves well in front of others.

Celebrations - be it Christmas week or Dusshera week, it gives them the opportunity to learn about the occasions. Also their small class parties are good fun and break from regular routine.

Quizzes - thanks to Sriharita mam, Adya mam, Archna mam for conducting this. Its a good platform for kids to showcase their learning.

One improvement that i see is -

No physical activity classes are happening. These should be part of daily timetable.
