

## NUMBERS MADE FUN WITH ACTIVINSPIRE

**ACTIVITY: Count and Match Activity**

**DATE: 22 August 2025**

**CONDUCTED BY: Prep Classes**

The students enthusiastically participated in an engaging **Count and Match** activity using the **ActivInspire** platform. Armed with a stylus , the children matched objects to their corresponding numbers on the interactive board, turning learning into a playful experience.

This activity was designed to strengthen **counting skills, number recognition, and logical thinking** while fostering an interactive and enjoyable learning environment. By integrating technology with education, students not only practiced core math concepts but also developed problem-solving skills through a hands-on digital approach.
