

## YOUNG INNOVATORS AT WORK

**ACTIVITY: Building Tractor Bots**

**DATE: 20 August 2025**

**CONDUCTED BY: Class 7**

The students of **Class VII** enthusiastically engaged in a hands-on robotics session where they learnt to **build a Tractor Bot**. The activity not only sparked their curiosity but also enhanced their **creativity, problem-solving skills, and teamwork**. With great excitement, the young innovators assembled their bots and thoroughly enjoyed bringing their creations to life.
