

MATH GETS STRATEGIC ON STEM DAY!

ACTIVITY: Factors and Multiples

DATE: 25 August 2025

CONDUCTED BY: Class 6C

To celebrate **STEM Day**, students of Class 6C participated in an exciting online activity hosted on **nrich.com**. The challenge was to **create the longest possible chain using factors or multiples of the previous number**. This interactive task not only sparked curiosity but also encouraged students to think strategically while exploring mathematical patterns.

Learning Outcomes:

- ✓ **Number Relationships** – Discovered connections between numbers through factors and multiples.
- ✓ **Strategic Thinking** – Practiced choosing optimal numbers to build the longest chain.
- ✓ **Problem-Solving** – Strengthened problem-solving skills in a fun and engaging way.
