

DELHI PUBLIC SCHOOL GREATER NOIDA

(A core school directly under the aegis of
The Delhi Public School Society, New Delhi)

PROSPECTUS

**shaping young minds with knowledge, values and confidence
for a brighter tomorrow**

MESSAGE FROM THE HON'BLE CHAIRMAN, THE DPS SOCIETY

DPS Greater Noida is consistently adding to its accolades in all spheres of school life. In the recent years, the school has achieved stupendous success on the scholastic front and the results speak for themselves. The co-scholastic accomplishments are not any less either, making the school live up to the true definition of holistic education.

I congratulate the School Management, faculty and students whose concerted efforts have made all this possible. I am confident that in times to come, and not too far in the distance, DPS Greater Noida will be one of the brightest stars in the global education map.

B.K. Chaturvedi
Chairman, DPS Society

MESSAGE FROM THE HON'BLE CHAIRMAN, DPS GREATER NOIDA

The true measure of a school's achievements lies not just in its academic conduct, but the pathways that it creates and possibilities that it holds for the next generation.

At DPS Greater Noida, we see a vision firmly rooted in progress and possibilities. The school has surpassed its own benchmarks and seems to have its eyes set on crossing greater milestones in the days to come.

The school has made it to the headlines year after year, with consistent display of excellence in the CBSE Board examinations. Meticulous planning and strategic execution have resulted in these commendable accomplishments. The Co-Scholastic programmes of the school are especially noteworthy. The Art, Music, Dance and Sports departments create a wonderful eco-system where children grow up as all-rounders. The Cambridge Early Years Programme is a stellar example of bringing about proactive changes with a futuristic approach.

As the school completes 27 years as a premier institution imparting holistic excellence, we take pride in its rich legacy, while reaffirming the commitment to serve the community with a renewed sense of purpose. Under the able leadership of the Principal Mrs. Seema Roy, I am confident that greater laurels await DPS Greater Noida in the days to come.

Best wishes!

Kaushik Dutta

Chairman, DPS Greater Noida

FROM THE PRINCIPAL'S DESK

The best school is where students are encouraged to learn, nurtured to bloom, inspired to serve and empowered to succeed.

At DPS Greater Noida, we are committed to provide a safe space where children spend the happiest and the most fruitful phase of their formative years. Every child is blessed with traits and skills, unique to themselves. We value each student for what they are, and provide them with infinite opportunities to identify and celebrate their uniqueness. In this collective mission, they have the untiring support of the School Management, teachers and the state-of-the-art facilities to suit diverse talents.

The matchless accomplishments of the school in the recent years are testimony to this fact. None of this could have been possible without the constant support of our revered parents who form an integral part of the DPS Greater Noida fraternity.

We request this wonderful collaboration to continue in the days and years to come so that, together, we can build a generation that is not only sound in academics, but also is rooted in values, and equipped with life skills to handle any situation in life. We strive to live up to the faith you have reposed in us by providing the best educational experience to your children. Having said that we also expect the parents to spend quality time with your children at home and ensure you instil in them the right habits and etiquettes that will help them adjust and adapt to the diversity of culture that they would be exposed to in the school. After all, it is rightly said that a happy home and a happy school produce a successful individual. So, let's work together to make this shared dream a reality.

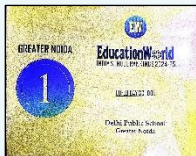

With warm regards
Seema Roy

SCALING HEIGHTS

*a glorious legacy of over 27 years in
transforming lives*

We, at DPS Greater Noida are witness to the unfolding of history.

Ever since its inception in 1998 as a core school under the aegis of the DPS Society, DPS Greater Noida has seen thousands of children entering the portals of the school over the years and emerging through the very same portals as worthy citizens, set to bring glory to self, society and the country.

We have a futuristic vision that guides our fundamental aim to infuse in the children, 21st century skills of critical thinking, problem solving, communication and technology literacy, at the same time, helping them to develop qualities of the head and heart.

DPS Greater Noida will continue to move ahead with the firm conviction that our goals can be met by inculcating among our students, the values of our venerated civilization and our heritage, for we believe that in a firm mooring in our past lies the fundamental key to an enlightened and successful future for our children.

CHANGING THE EDUCATION LANDSCAPE

Standing tall in the firmament of education,
Impacting lives of a whole generation.

DPS Greater Noida is one of the 13 core schools under the Delhi Public School Society that was founded in 1949 with the primary objective of making available to children, education that would enable them to excel in all walks of life. Driven by the motto, 'service before self', DPS schools spanning across the world are committed to serve generations of learners by providing holistic education that meets global standards.

Spearheaded by a board comprising distinguished personalities from various spheres of eminence, the DPS Society has been doing yeoman's service in the field of education and the more than 200 schools spread within and outside the country testify the prescient brilliance of the founding members. It is a matter of pride that the DPS Society has become the single largest, CBSE affiliated K-12 Schools' network.

*Education is not only
about coursebooks and
classrooms...*

LAYING A STRONG FOUNDATION FOR FUTURE

Our Early Years Center is a separate segment dedicated to Classes Nursery, LKG, UKG, I & II, surrounded by verdant greens that provide a naturally perfect fuel for the innately inquisitive mind of the little child. Added to this, the spacious and well-ventilated classrooms and highly qualified teachers and caretakers lend an ideal eco-system for children to glide seamlessly through their learning processes.

The five centers within the programme constitute the guiding module for the students:

- ❖ Focus Center
- ❖ Literacy
- ❖ Numeracy
- ❖ Understanding the World
- ❖ Expressive Art & Design

As a team of responsible educators, we are aware that kindergarten is the first experience of the children in a structured environment where leaving the safety and comfort of their homes, the young children embark on a new journey of learning. Providing them a holistic educational experience that is totally learner-centric, interactive and experiential is the prime objective of all our endeavours.

GETTING CHILDREN FUTURE READY WITH THE CAMBRIDGE INTERNATIONAL PROGRAMME

keeping pace with the evolving global trends

In the session 2023-24, we proudly introduced the Cambridge curriculum, laying the bricks for our students' academic growth. Building on this success, the project was taken forward last year and Cambridge Stage 1 Primary was introduced. This new stage is designed to further enhance our students' learning journey, equipping them with essential skills and love for learning from an early age.

The DPS–Cambridge International programme promises a holistic and balanced curriculum that engages classroom resources with an advanced assessment approach to measure learners' progress. Teaching- learning is play-based and child-centred, and focuses on building learners' skills and confidence in key developmental areas.

Into the third year of fruitful collaboration with Cambridge English, we look forward to nurturing the new generation learners through this esteemed educational programme.

STEM-DRIVEN CURIOSITY CURRICULUM

*unleashing a spirit of
inquiry*

Following the guidelines of NEP, the school has initiated an integrated curriculum that aims at augmenting problem solving, creativity and critical thinking among children through hands-on activities that enable mastery of core concepts and skills. The Activity-based curriculum is mapped to our themes/ syllabus as follows:

- ❖ Learning by doing
- ❖ Concretising abstract concepts
- ❖ Developing scientific temper and deeper understanding of concepts
- ❖ Increasing creativity, curiosity and competency
- ❖ Encouraging collaborative learning
- ❖ Developing fine motor skills
