CIRCULAR

Dear Parents,

Greetings!

We are excited to introduce an exclusive learning experience for our students – the **Future Bootcamp**, jointly developed by the **University of Helsinki (Finland's #1 university)** and **Lifology**, a global leader in future readiness education. This immersive, 5-day program is designed to equip students with the mindset, skills, and global perspective needed to thrive in a rapidly evolving world. It integrates real-world simulations, collaborative projects, and guided mentorship from globally certified trainers.

Program Highlights:

- Based on Finland's **Curriculum 2030**
- Delivered by **certified mentors from the University of Helsinki**
- Includes hands-on learning and **UN Sustainable City Model Project**
- **Globally recognized certificate** for all participants

Key Themes Covered in the Program:

1. **Socio-Emotional Skills** – Grit, resilience, perseverance, and emotional intelligence
2. **21st-Century Life Skills** – Problem-solving, decision-making, leadership
3. **Career Planning** – Identifying personal Ikigai by aligning passion, aptitude, and market trends
4. **Innovation & Entrepreneurship** – Stanford Design Thinking, business planning, and entrepreneurial mindset
5. **Global Outlook** – Cultural awareness, UN Sustainable Development Goals, and international perspectives

Subject: From Finland to the World – Future Bootcamp with Finnish Excellence at Your School!

Dear Parents,

We are thrilled to introduce an exceptional future-focused learning experience for students at Delhi Public School, Knowledge Park- VI. We offer your child a unique opportunity to participate in a high-impact Future Bootcamp designed to develop the right mindset, skills, and vision for a successful future.

The program is jointly developed by the University of Helsinki, the #1 university in Finland and Lifology, the Guinness World Record holding and Times Award winning pioneer in transforming students to be future ready global citizens. The program was launched in India by Mr. Erik af Hallström, the Consul General of Finland to India.

We know that this will be more than just a camp. The program was launched with the vision of preparing students for the dynamic world of tomorrow.

From Finland to the World

A transformative program by the Finland 2030 initiative. Under Finland 2030 comes Curriculum 2030 — a futuristic academic curriculum jointly developed by the University of Helsinki and Lifology. Curriculum 2030 is designed to empower the next generation, equipping them with the skills and knowledge to thrive in an ever-evolving future. Together, we are shaping a future-ready, globally competent generation, equipped with the right skills to thrive in an evolving world.

7 Reasons to join this program

Experience Hands-on Learning

This is not just theory! Students will engage in interactive activities, real-world simulations, and team challenges to build essential life skills through immersive learning.

Learn from Globally Certified Mentors

The sessions are conducted by globally trained mentors certified by the University of Helsinki, Finland's #1 university — ensuring students receive guidance aligned with the latest global education trends and industry standards.

Learning based on Curriculum 2030

The program is designed based on Curriculum 2030, a premier co-academic framework, making it far more than just a tour—it's a transformational learning experience.

Exclusive Certification

A globally recognized certificate from the University of Helsinki Center for Continuing Education, giving your child an academic edge and valuable proposition to add in resume while applying to prestigious universities for Under Graduate courses.

Develop an Entrepreneurial Mindset

Through carefully designed activities, students will cultivate an entrepreneurial mindset and gain the essential skills needed to succeed in an ever-evolving world.

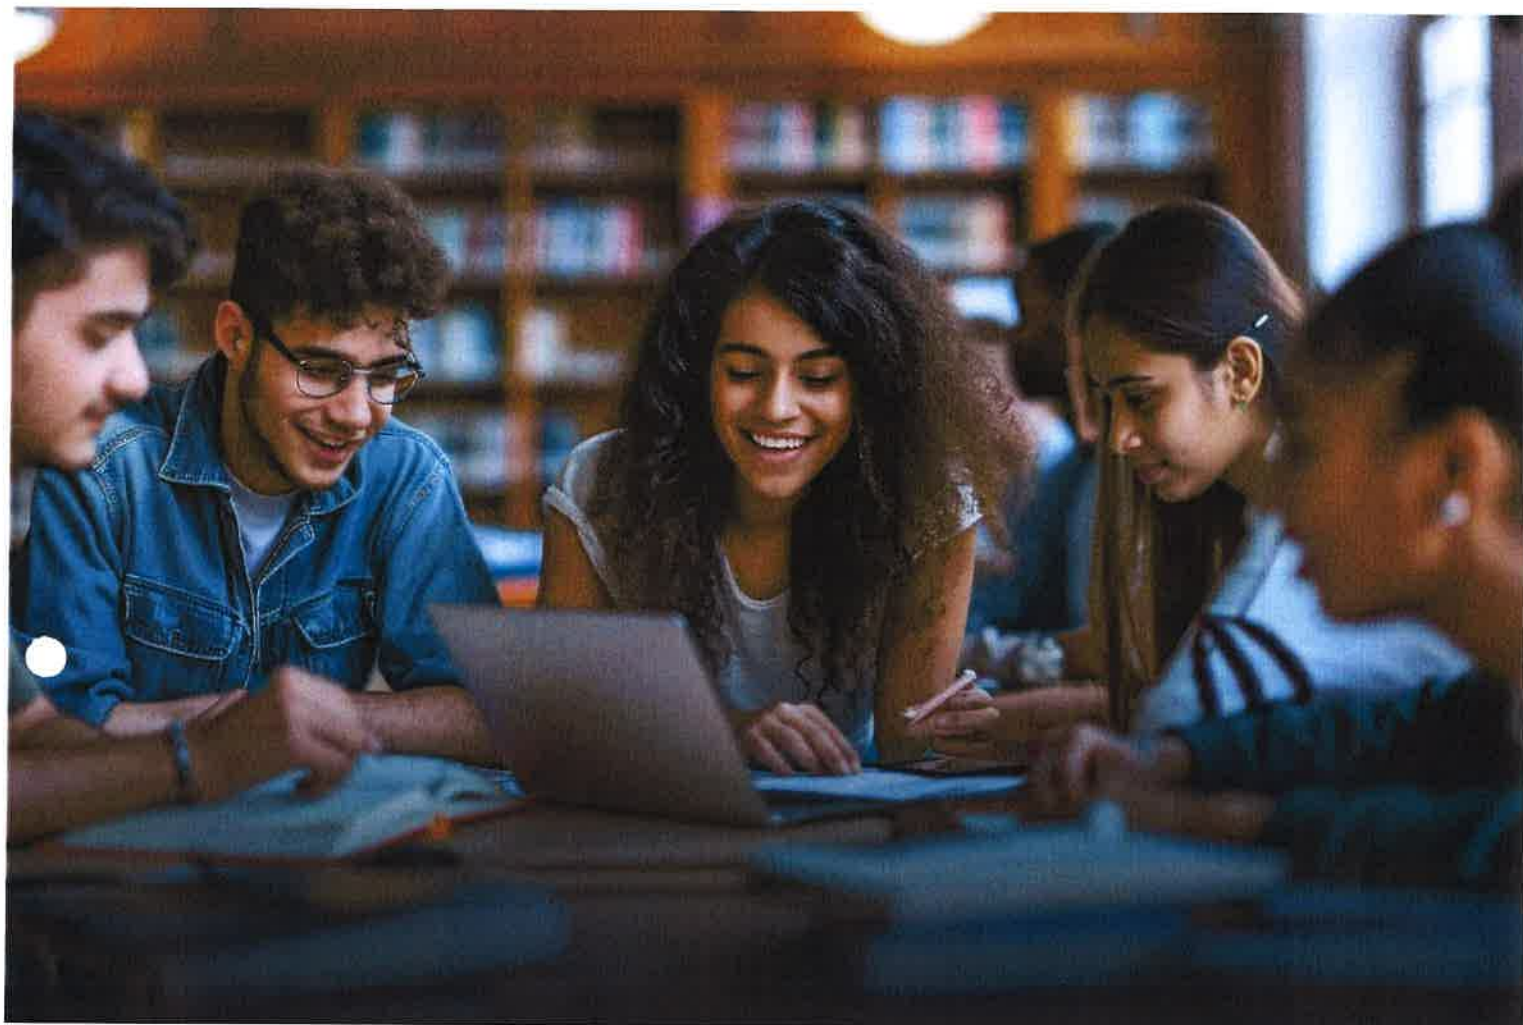

Apply Learning to Real-World Challenges

Students will engage with global issues, craft practical solutions, and share their ideas in collaborative settings to gain valuable perspectives.

UN Sustainable City Development

The participants will build the model of a Sustainable Development City, based on the UN Sustainable Development Goals.
