

## CAP Session: Everyday Economics

### **Subject: Everyday Economics: Understanding Real-World Economic Developments and Money Management**

**Date: August 6, 2025**

#### **Description:**

On 6th August 2025, a CAP webinar titled “Everyday Economics: Understanding Real-World Economic Developments and Money Management” was conducted via Zoom for Classes XI–XII students, parents, and the school counsellor. Delivered by Mr. Swagat Yadav from One Young India, the session demystified economic concepts and highlighted practical finance skills. Key themes included the role of money, inflation, gold reserves, NPCI’s digital ecosystem, cryptocurrencies, loan structures, and India’s expanding consumer base. The session offered sharp insights into how global and national trends shape personal finance, leaving participants informed and financially aware.
