

Delhi Public School, Greater Noida Cambridge Early Years and Primary Curriculum

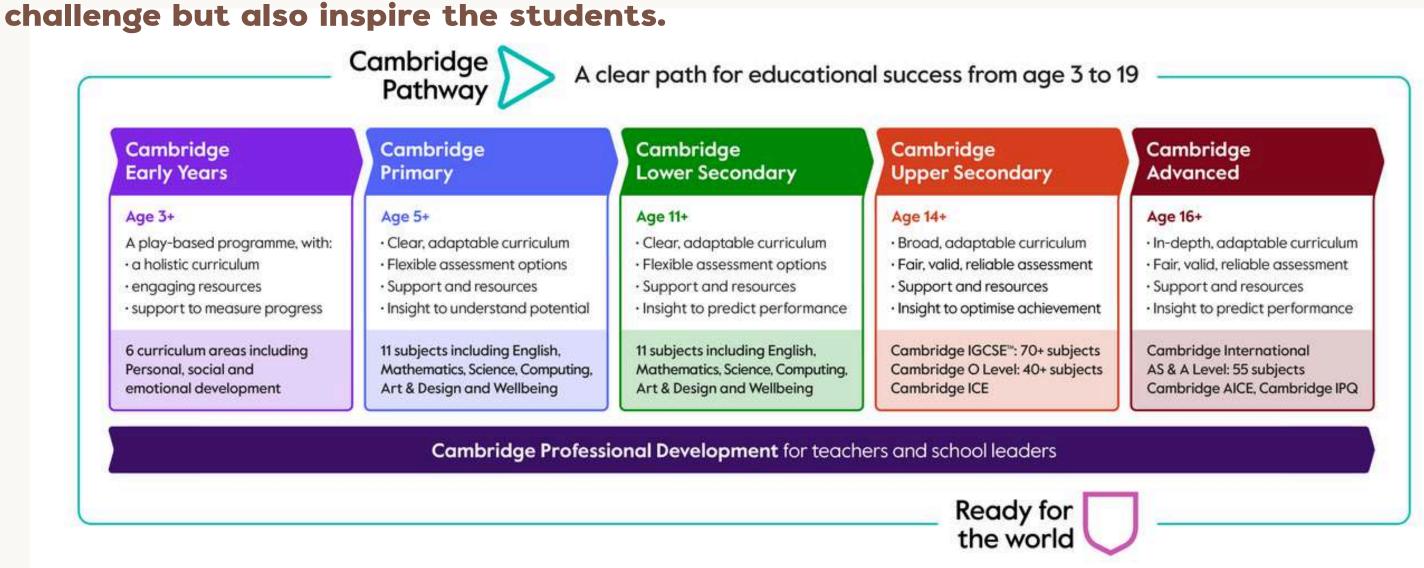

The programme nurtures every child to become a Reflective, Innovative, Confident, Engaged, and Responsible learner.

The Cambridge International Curriculum sets a global standard for education, and is recognized by universities and employers worldwide. At DPS Greater Noida in Cambridge Early Years Centre, our students, parents and team of teachers are a steadfast partnership that ensure the students physical, emotional, and social growth. The Cambridge Early Years and Primary Level Curriculum in our school is based on age appropriate milestones that strives to give learners the confidence they need to thrive and make a positive impact in a changing world. The curriculum is flexible, challenging, and inspiring, culturally sensitive yet international in approach. It emphasizes critical thinking, independent research, and global perspectives

International Education

The Cambridge Early Years and Primary Curriculum, which is now globally benchmarked, has assessment modules that help tailor learning and support for each child, while grounding the pedagogical approach in play-based and story-based approaches. The Cambridge Early Years Curriculum provides skills-based competencies that not only

Cambridge Early Years is aligned with the National Education Policy (NEP) 2020, so when your child

completes the programme they can also progress to local state or national curriculum in India.

At Cambridge, students are engaged intellectually, and are socially ready to make a difference

They grow in confidence as they express their ideas, build meaningful relationships, and strengthen essential skills. With a strong foundation for lifelong learning, they are prepared to make a difference in their communities and beyond.

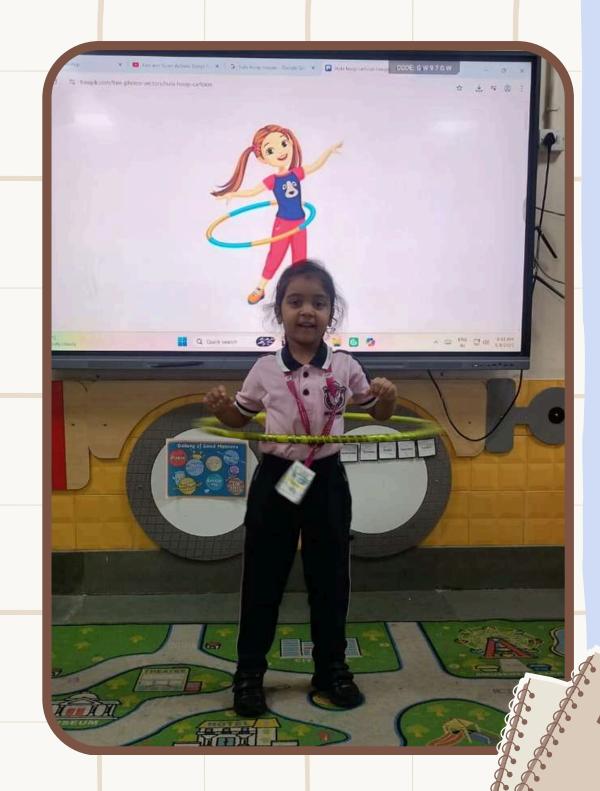

We follow the Structured Learning Progression

Each stage is carefully designed to develop higher-order thinking, ensuring learners grow in confidence and independence. This step-by-step approach nurtures curiosity,

problem-solving, and creativity at every level.

Cambridge Ensures Meaningful and Fair Assessment

When we plan our lessons, we start by identifying what a student needs to learn. Students have to demonstrate understanding and the core knowledge of a subject, as well as think critically. Exams are there to recognise, reward and encourage learning.

Learning happens with lasting impact

Cambridge learners build subject knowledge and conceptual understanding, and develop broad range of skills, learning habits and attributes to help make them ready for the

world.

SZ

At DPS Greater Noida, the Structure Of The Cambridge Curriculum is presently providing following educational stages:

EARLY YEARS

Encouraging inquiry and discovery with hands-on activities.

Creative Expression & Exposure

Strong Relationships

Every activity nurtures joy in learning and lifelong curiosity.

Encouraging learners to ask questions and explore ideas. Developing independent and reflective thinkers.

With a 1:25 teacher-student ratio, students feel safe, valued, and respected.

Cambridge Primary level (Class I) (Age 6)

t DPS Greater Noida, we will be starting our first batch of Primary Level 1 (Stage 2) in the session 2026–27, embarking learners on an exciting educational journey through our Cambridge Primary program, designed for children aged 6 (Grade 1). This foundational stage prepares students for future academic success within the Cambridge Pathway, ensuring age-appropriate progression.

It builds the foundation for learning through a structured yet adaptable syllabus that includes:

- Core Subjects: English, Mathematics, and Science
- Additional Subjects: Global Perspectives, Digital Literacy, Music, and Physical Education (PE)
- Assessments: Cambridge Primary Checkpoint (optional)

With ten subjects to choose from, the curriculum is both comprehensive and flexible, allowing us to tailor learning experiences to our students' needs and interests. This adaptability ensures our program aligns with our unique school ethos, cultural context, and commitment to holistic development, empowering students to thrive in their schooling, work, and life.
