

INNOVATE, INSPIRE, IMPACT - STUDENT SUMMIT (INTERSCHOOL EVENT)

Grade: 11

Saturday,
31 May 2025

ORGANISED BY :

THE MILLENNIUM SCHOOL,
DUBAI

INTENT:

The summit aimed to place students at the centre of educational innovation by encouraging them to think critically about the evolving educational landscape and actively participate in reimagining it to suit future needs.

The objectives were:

- To gain insights from students on how schools can create meaningful value in the age of Artificial Intelligence.
- To empower students as leaders and change-makers in transforming school education.

EXPERIENCE:

All the four Grade 11 student representatives from Credence High School, who participated in the event, found the summit inspiring and empowering. Engaging with peers from various schools and thought leaders helped broaden their perspectives. The collaborative environment encouraged reflection, exchange of ideas and a sense of responsibility to be active participants in educational change.

INSIGHT:

Students acknowledged the significance of their voice in shaping education. They reflected on the importance of inclusive pedagogy, emotional wellbeing, ethical digital practices, and preparing for future careers. The summit demonstrated how student-led dialogue can bring forth creative, impactful ideas for holistic educational reform.
