ASSIGNMENT NO. 4

SUBJECT: SOCIAL SCIENCE

CLASS-VII

OCTOBER,2025

CH-5: Women change the world

Q1. Which statement is NOT true about Rokeya Sakhawat Hossain?

- a) She was born into a poor family.
- b) She wrote a remarkable story titled Sultana's Dream in 1905
- c) This story imagined a woman called Sultana who reaches a place called Ladyland.
- d) She was dreaming of women flying planes and cars even before girls were being allowed to go to school!

Q2. Give your opinion on Schooling and education today.

Q3. What do the Educational Statistics , MHRD, 2018 reveal about the status of ST for average annual drop-out rate in school education?

Q4. **Assertion (A):** During earlier times, it was believed that girls who could read and write would bring bad luck for husbands and become a widow

Reason (R): There were many women who learnt to read and write secretly from their family members and marked the beginning of women's education.

- a) Both A and R are true and R is the correct explanation of A
- b) Both A and R are true, but R is not the correct explanation of A
- c) A is true, but R is false
- d) A is false, but R is true

Q5. What per cent of working women in India are engaged in agricultural work?

Ch-4: Air

Q1. Consider the following statements about Carbon di Oxide gas.

I. Green plants use carbon dioxide to make their food and release oxygen.

II. Humans or animals release oxygen

III. The amount of carbon dioxide released by humans or animals seems to be equal to the amount used by the plants which make a perfect balance.

IV. The balance never gets upset by burning of fuels, such as coal and oil.

Which statement is not true?

- | | |
|---------------|--------------|
| a) I | b) II and IV |
| c) III and IV | d) I and III |

Q2. Define the following terms:

a) Barometre:

b) Wind Vane

Q3. How insolation influences the distribution of temperature?

Q4. **Assertion (A):** Green plants produce oxygen during the process of photosynthesis and this oxygen is taken by humans to inhale.

Reason (R) : Carbon Dioxide exhaled by humans is taken by plants for their survival and this is how balance is maintained in nature.

- a) Both A and R are true and R is the correct explanation of A
- b) Both A and R are true, but R is not the correct explanation of A
- c) A is true, but R is false
- d) A is false, but R is true

Q5. “Greenhouse effect is important”. Why?

Q6. Air above us presses us with a great force on our bodies. However, we don’t even feel it. Why?

Ch-6: Understanding media

Q1. "Advertisements shown repeatedly on the television screen". Why?

Q2. Give reason why media is not interested in covering small issues that involve ordinary people and their daily lives?

Q3. "Media play an important role in a democracy". Elaborate the statement.

Q4. One word that is often used to collectively refer to the radio, TV, newspapers, Internet and several other forms of communication. This word is

- (a) Communication
- (b) Media
- (c) Telecommunication
