5.	Facilitators	Class Teachers and Coordinator
6.	SDGs incorporated	   
7.	Description of the Activity	<i>"Age is an issue of mind over matter. If you don't mind, it doesn't matter"- Mark Twain</i> ITL Public School celebrated World Senior Citizens Day 2025 with the theme "Empowering Elderly Voices for an Inclusive Future" by hosting grandparents of students from classes I to V on Thursday, 21 Aug'25. This theme highlights the importance of recognizing and valuing the contributions of senior citizens while also ensuring their voices are heard and included in decision-making processes. The event featured storytelling sessions, singing bhajans and poems, and interactive sessions that fostered intergenerational bonding, promoted mutual understanding and respect, and encouraged children to appreciate and respect their grandparents and elderly individuals. The activity ensured that by recognizing and valuing the contributions of senior citizens and creating platforms for them to share their experiences, we can build a more inclusive and age-friendly society. The celebration received positive feedback from parents and students, highlighting the importance of empowering seniors and promoting a future where everyone has a place. #WorldSeniorCitizensDay #EmpoweringElderlyVoices #InclusiveFuture #SeniorCitizenEmpowerment #AgeFriendlySociety
