Message

From the Desk of Head of School

I am glad to learn about the release of the latest number of school's Newsletter which provides an opportunity to our students to express their ideas of universal validity which are latent in their brains.

Education is not an act of acquiring knowledge but learning a skill to lead life and forming one's personality. We at SBGS focus on discovering, developing and drawing out the hidden talents and the magic lying dormant inside all of its students.

In today's dynamic world, a 360-degree development and grooming are of supreme importance. We are creating an environment for future leaders, entrepreneurs and professional who possess skills and aptitudes in an array of functional disciplines.

I appreciate the support and cooperation of the Management, Staff, Parents and students for this newsletter. I wish the Newsletter a good luck.

M. Kaushal

Manisha Kaushal
Head of School

EDITORIAL

Dear Readers,

Writing and imagination are two sides of a coin. Writing frequently serves as a platform for the expression of our actual selves. Writing cannot be viewed in isolation; it is a journey through which the writer expresses his/her self while manifesting the zeitgeist.

The Newsletter is indeed a platform to make our budding talents give shape to their creativity and learn the art of being aware because we believe that our success depends upon our power to perceive, the power to observe and the power to explore.

I take an opportunity to be grateful to the Management for their benevolent support. I thank Head of School, my colleagues, IT Department, parents and students for their valued contribution in the successful release of this Newsletter.

CRISIS OF VALUES IN SOCIETY

EXECUTING VALUE-BASED EDUCATION

Values are the leading principles of life that are responsible for the overall development of an individual. Values give direction to life and provide satisfaction and peace which helps to improve the integral growth of human beings. They help to create attitudes and improvement towards a sustainable lifestyle. During the present decades, erosion of moral, social, and spiritual values has been creating obstacles in the nation's progress. Actually, in the present era of modernization where all of us inclined towards knowledge and examination's rank instead of gaining the knowledge for the development of society in true sense. Parents and teachers want that students should learn only that education which can provide better opportunities for jobs.

The national education policy (1986) made the following remarks about the values system widespread in our society. "The erosion of values is now a natural phenomenon, so complex and extreme that a more balanced curriculum, new learning material, and competent teachers alone can correct this phenomenon. Value education not only starts with the students but also with the teachers. If the students have to learn values, firstly teachers have to be taught values. For a good education system, teacher education is an integral part. **Our former president Dr. A.P.J. Abdul Kalam said that "teachers are the best mind of education and believed that teachers are equal to god".**

YOUNG PRODIGIES OF SBGS

Yashica Swasti (Head Girl)

2023-24

I am privileged to be the Head Girl of my school. I thank all the teachers who have chosen me as the head girl. They believe in me and I believe in my potential. Being the Head Girl, I will be able to show the best version of myself. I strongly believe "Great leaders do not set out to be leaders they set out to make differences". My school is already a wonderful place but with co-operation of my teachers and fellow students, I will give it my 100% to make it "The Best" school.

Akshat Singh (Head Boy)

2023-24

'Guiding with purpose, leading with grace, A true leader shines in every space.'

A team is like a tool set, not one can do all the jobs, but together it can and yet, something incredible happens when teamwork happens the way it's supposed to be. Things change when everyone on the team is equally invested in the overall purpose and goal. We can find ourselves working faster, finding mistakes more easily and innovating better.

So let's join our hands together to work with team spirit. I sincerely express my gratitude to all my teachers who have given me this opportunity and placed trust in me. I as a leader not just to lead but will utmost to work in collaboration with each one to achieve the best for our school. I vow to uphold unwavering dedication, leading with empathy and understanding and making positive impact on our school community. Let us embark on this journey together, bound by a shared purpose, as we strive to shape a brighter future and take our school to the pinnacle.

Sneha Chaudhary (Head Girl)

2022-23

Being Head Girl comes with a plethora of duties. As a figurehead of the school, a big part of my duties revolved around upholding the rules of the school as stated in the Code of Conduct. I wore my uniform properly and neatly. I contributed in school events like interschool dance and music competition -JHANKAR and other celebratory days. A lot of the duties take hard work and can, at times, be tiring- but it always proved worth it. Notably mentioned is the fact I do have to keep my grades up and perform well in school because academics are always the priority! For many of my years at SBGS since I joined, I've always looked up to the Head Girls. For me it has been one in a lifetime experience that has taught me a lot about time management, importance of group work, leadership and taking charge of things. On personal level I have learnt and grown a lot in the process. That is what it's really like being Head Girl- and for all those considering it, I really recommend you try applying, as the experience that comes from it is one of a kind. I love this school and that is what the role is all about, thus, I am truly glad and grateful for being given this opportunity.

Yugank Sharma

(Head Boy, 2022 – 23)

Serving as the school's Head Boy has been a transformative chapter in my life, moulding me into a more confident and capable individual. This leadership role has allowed me to exemplify responsibility and inspire my peers by setting a positive example. Collaborating closely with teachers and fellow students, I've honed effective communication and interpersonal skills, vital for expressing ideas and addressing concerns.

My gratitude extends to the school authorities for entrusting me with this position, which has not only granted me a platform to contribute positively to the school community but has also equipped me with skills and qualities that will undoubtedly serve me well in all aspects of life.

Diksha Rawat

[School Discipline Captain, 2022-23]

During my tenure as the school's discipline captain, I embarked on a journey of personal and leadership growth. Entrusted with the responsibility of upholding order and ethical behaviour, I developed a keen understanding of effective communication and conflict resolution. Handling diverse situations, from minor infractions to more complex issues, taught me adaptability and quick decision-making. Collaborating with peers, teachers, and school authorities, I honed my teamwork and organizational skills. This experience deepened my appreciation for empathy and fairness when addressing disciplinary matters.

Furthermore, being a discipline captain instilled in me a heightened sense of responsibility and accountability. It provided me with opportunities to guide and mentor fellow students, fostering a positive and respectful environment. Through this role, I discovered the value of leading by example, influencing positive behaviour among peers. I am immensely grateful to the school authorities for entrusting me with this role, as it has contributed significantly to my personal development and equipped me with lifelong skills.

TEACHER'S DAY CELEBRATION AT SBGS

THE NEWS

Shiksha Bhareti Global School, sector 8, Dwarka celebrated the Teacher's Day on 5th Sept under 2023 at school premises with great pomp and show. Teaching and Office Staff of the school gave a hearty welcome to Honorable Director of the school, Shri Hitesh Bhambhani.

Thereafter a cultural programme was organised. The programme was full of fun and frolic.

availability of well-regulated

Teachers gave solo and group dance performances which enthralled everyone. Besides there were many more funny games and activities for the Teachers which they enjoyed a lot. School Management gave away gifts to the teachers on this occasion. The Head and staff of school appreciated this gesture of the Management.

The programme came to an end with a dinner hosted by the school.

Context Banding is like the ability, experience, and confidence indicators to form a combined indicator of experience. In the context, context banding is essential for learners because it enables them to learn more (or consider and quickly changing information). With the experience of jobs and information learners need to be able to think and learn information to identify what is relevant and attached to new (context banding) also helps learners to develop positive attitudes (e.g., complex, confident and active learning).

Hitesh (Director- Shiksha Bharti Global School, Special Guest of honour were Ms Payal Madan Arora (CEO & President of Go Fitness Academy) & Vishal Lall (Joint Secretary, Team Green Circle- Dwarka Chapter)

Shiksha Bharati Global School - To seek the blessings of Lord Krishna, Janmashtami was celebrated on September 4th, with mirth and joy in Shiksha Bharati Global School. While this religious significance is not lost, this day signifies a lot more to modern India. It signifies excitement, euphoria, and a joyous

spirit of enthrallment. Students learnt devotion, creativity, enjoyment and fun all together.

Dignitaries were welcomed with a token of love by School Principal. The celebration began by offering devotion to Lord Krishna. On this occasion, "Dahi handi" and "Dance" programmes were also organized. The life history of Lord Krishna was very beautifully depicted by colourful Jhankis for the period from "Birth of Lord Krishna" to "Mahabharat". All the tiny tots were Radha and Krishna attire and posed for clicks with the well-decorated Jhoola in the courtyard whereas beautiful dance "Krishna Leela" was presented by class I and 2 students.

The programme ended with a vote of thanks given by school Headmistress and blessings given by School Manager to all the students and faculty for their support in making the Jammash-tami celebration a grand success.

Importance of Home Science in today's times

Home science is an integrated field of study that provides scientific and systematic knowledge about various aspects of family living. Home Science suggests that it is concerned with home and includes health and happiness of each and every person residing in it. It is an interdisciplinary field faculty of science that prepares its students to develop themselves with multiple vocational and career options.

In very simple words Home Science can be defined as the multi disciplinary field of study that deals with health, diet, caring child, textile and garment designing, managing resources and other subjects concerned with a home.

The subject of Home Science is concerned with every area of home life including cooking, clothing, furnishing and decoration of the house, childcare, household purchases and family relationships. It teaches people how to eat better food, dress up well, look after their homes and spend money wisely and how to lead a happy home life.

1. The knowledge of Home Science improves the quality of life: the study of home science provides the homemaker with the knowledge and skills required to manage a home effectively.
2. Helps in the best utilization of resources to get maximum satisfaction and returns: Family resource management provides knowledge necessary to make intelligent decisions regarding the purchases budgeting and other managerial activities.
3. Teaches the application of modern science and technology to improve domestic life: Modernisation of the world is reflected in home also. High-tech products and modern equipment's have entered our homes especially kitchens.
4. Helps to improve family relationships: The study of home science includes the area of human relationship, which teaches people how to get along with one another and how to solve problems within the family.
5. Develops in the students the necessary skills and techniques required for better homemaking and family living: Home science prepares the students for greatest of all profession i.e., being a homemaker.
6. Help to solve the day-to-day problems: The changing society not only increases the managerial problems concerning the use of human and material resources but also requires different methods of meeting the problems.
7. Helps in changing the values, attitudes and interests: Home science is not only confined to development of homemaking skills, it also makes the person aware of changing world.
8. Home science promotes the moral, familial and spiritual aspects of family living: Moral values of honesty, truthfulness, dependability and objectivity and decision making are some important values that a home is expected to develop in its members.
9. Enables the person for many career opportunities: Use of new techniques and modern equipment's has helped the housewife to make efficient use of her resources.
10. Home science has an important role to play in society: Home science aims at promoting satisfactory personal family and community life by developing the qualities needed for responsible and creative living.

**Home
Science**

The importance of Home science has further increased to meet the demands of the modern society. The knowledge of Home science is derived from physical, social, and biological sciences and many arts, which is applied towards achieving better, healthier and happier homes

Ms. Surbhi Batra Mahandru
PGT (Home Science)

ORIENTATION PROGRAMME

On 1st April, 23 Shiksha Bharati Global School organised an orientation programme for the Pre-Primary parents. All the parents were invited in the function. Function began with the lamp lighting followed by Ganesh Vandana. All the Respected dignitaries were welcomed with the planter. Head of School welcomed all the dignitaries in her speech. Power Point presentation was held to provide guidelines to the parents. Blessings were given by the respected Manager sir. ERP module was conducted to elaborate about Cloud 9 App. Parenting tips and question answer session was conducted by Headmistress Ma'am. The event concluded with a vote of thanks by Headmistress and everybody in the audience certainly enjoyed it.

DRUG AND SUBSTANCE ABUSE

AWARENESS PROGRAMME

Our school organised an anti-drugs and substance rally on 10th April 2023. Students of class IX joined the rally with placards and banners with slogans against the abuse of drugs. In order to create awareness Nukkad Natak was shown by students of class VIII and poster making activities were conducted for classes X and XII. The purpose of all these activities were to make the people aware of the harmful effects of consuming drugs. All this work was done under the guidance of our Honourable Director Sir, Mr Hitesh Bhardwaj.

NCC AIRWING

95JDRC TAMBARAM, CHENNAI

NCC Refresher course is the course that is conducted after PRCN (Pre-commissioned Course) at Airforce Station Tambaram, Chennai. There were 53 teachers from different states of India. It was a challenge as well as an opportunity to see the whole new world. The course provides the promotion to the higher rank to Associate NCC Officer. I attended Refresher Course no. 95JDRC from 1st May 23 – 28th May 23. The refresher course has the same brief syllabus which the PRCN course- Drill test, Written test, Weapon training etc. On successful completion of the course, I received the certificate with exceptional grading to be promoted as Second Officer.

Ms. Malti Sharma

CADET AKSHITA

CLASS- 9A

We went for flying on the 21st of April at Air Force Station Hindon.

6 JW cadets were chosen for flying. The place where we went is restricted to civilians and only people who belong to the Défense service and NCC cadets are allowed, so, that was a very prideful moment for us that we get a chance to see and learn something, we get a chance that others don't get. We sat in a microlight aircraft and took flight up in the sky, it was riveting. In the end, CO sir asked the cadets if they have any questions regarding the flight they took. We asked him about some components of aircraft & their use and he also replied very gently. I would like to thank my ANO for giving us such an opportunity.

CADET NISHTHA AGGARWAL

CLASS- 10A

On 21st of April, we the JW cadets of NCC air wing went for an adventurous experience to Hindon Air Force Station.

Only 6 cadets from 2nd year were chosen (including me) for the flying, which was an achievement itself for being able to get this great opportunity. We went with our respected ANO Mrs. Malti Sharma. When entered the station, the officers gave us the pass. While some of the officers lead us further inside. There, we met our CO sir who gave us a brief description about aircrafts, which aircraft we will be flying in, parts of an aircraft, etc.

The aircraft from which we took a flight was ZEN AIR AIRCRAFT. While flying CO sir told me about various parts of ZEN AIR like compass, altitude measurer, etc. I was feeling very proud of myself to be able to get that experience that many could not, I was on cloud 9.

WORLD RED CROSS AND RED CRESCENT DAY

It is celebrated on May 8 to commemorate the birth anniversary of the founder of the Red Cross and the International Committee of the Red Cross (ICRC) Henry Dunant. He was born on 8th May 1828 in Geneva and was the recipient of the Nobel Peace Prize. This year World Red Cross Day or Red Crescent Day was celebrated on the theme "**Everything we do comes from the heart.**"

In order to create awareness in our students Shiksha Bharati global school organised various activities Like poster making, Speech etc. Students participated with great zeal and enthusiasm. under the guidance of our honourable Principal Mam Mrs. Manisha Kaushal. Students honoured Honourable Director Sir, Manager Sir, Admin Head and HOS with badge.

SHRAMDAAN HOUR

Shramdaan is a way of helping our community and contributing to help and change the environment around us for better. In order to instil the value of zero waste and cleanliness in children at early age. Our School conducted **Shramdaan Hour** in April month. Students from classes III to XII participated in this task. Special emphasis was given on segregation of waste, cleanliness of entry / exit gate , maintenance of gardens and dignity of labour.

WORLD ENVIRONMENT DAY

“LET'S NURTURE THE NATURE SO THAT WE CAN HAVE A BETTER FUTURE”

MOTHER'S DAY CELEBRATION

Mother's Day is a special occasion dedicated to honouring and appreciating the selfless love, sacrifices, and significant contributions of mothers in our lives. At Shiksha Bharati Global School, we organized a memorable Mother's Day celebration to express gratitude towards these remarkable women. The event was marked by various engaging activities, heartfelt presentations, and a vibrant atmosphere filled with love and appreciation.

VAN MAHOTSAV WEEK

Van Mahotsav week was celebrated with great enthusiasm from July 3rd 2023 to July 7th 2023. The students were made to understand the planting of trees and tending of trees in preventing global warming. In Nursery and KG classes, leaf printing activity was done in the class with the help of class teachers. The students were very curious to do the activity..

“SAY NO TO PLASTIC”

कविता
कर्तव्य बोध

आ आज तुझे एक राज़ बताऊँ,
तेरा तुझसे दीदार कराऊँ।
यूँही इतराता है खुद पर,
आ बात पते की तुझे सुनाऊँ।
माँ ने क्या—क्या न सहन किया,
तब तूने धरा पर जन्म लिया।
तेरी इक मुस्कान की खातिर ही,
माँ अपना सब कुछ हारी है।
तेरी हर इच्छा की खातिर,
अपनी हर ख्वाहिश मारी है।
क्या जरा भी तुझको पता चला,
उस बाप ने एक जोड़े में ज़िंदगी काटी है।

पढ़ा—लिखा तुझे जब बड़ा किया,
संसार से लड़ने को खड़ा किया।
चंद पैसों की चकाचौंध से,
आज तेरी पलकें भारी हैं।

छोड़ चला पीछे माँ—बाप तू अपने,
चंद पैसों के लालच में।
जा बसा विदेश में तू पागल,
छोड़ माँ—बाप को किसी आश्रय—खाने में
बूढ़ी आँखें पथ निहार रहीं।
तुझसे मिलने को पल—पल तरस रहीं।
शायद तेरी इक झलक की खातिर ही,
तेरे माँ—बाप की साँसें बाकी हैं।

कि आज्ञा अपना तू फर्ज निभा,
माँ—बाप का जो है कर्ज निभा।
मत भूल तू ओ पागल बंदे,
आज इनकी तो कल तेरी बारी है, तेरी बारी है।
तू महल बना सपनों का,
पर उसमें अपने माँ—बाप को रख।
नहीं माँगते कुछ भी ये तुझसे,
तू थोड़े से जज़्बात तो रख।

जो आज तू अपना फर्ज निभा गया।
तो तुझको ये याद दिलाऊँ।
देगा वो ईश्वर भी तुझको सब कुछ,
फिर और क्या तुझको सौगात दिलाऊँ, सौगात दिलाऊँ।

GLIPMSES OF INDEPENDENCE DAY

SUPW ACTIVITIES

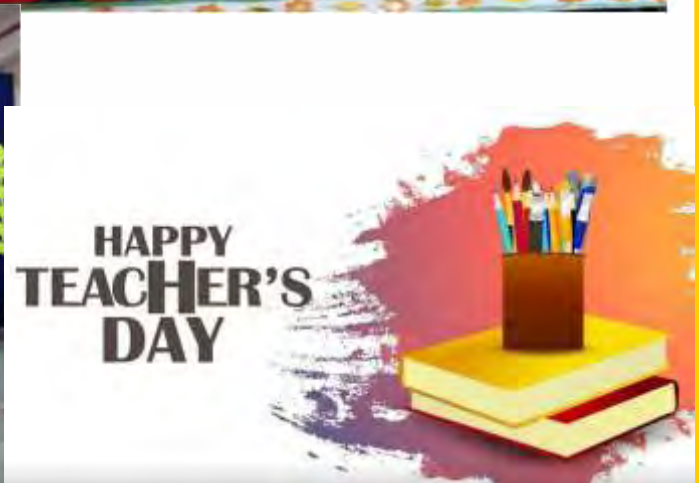

TEACHER'S DAY

Teachers' Day in India is celebrated on 5th September every year to mark the birthday of Dr. Sarvepalli Radhakrishnan and to thank the teachers for their contribution and effort. Shiksha Bharati Global School, Dwarka celebrated this day with great zeal and zest. Students celebrated this day with extreme joy and fun with their teachers and made a beautiful hand-made card for their beloved teachers and expressed their gratitude and appreciation for their teachers on this day.

The Principal, Mrs Manisha Kaushal addressing the entire school, lauded the entire staff for their exemplary contribution to the school's phenomenal success. There was a special celebration for teachers' which included games with many prizes and exquisite cultural programme by the teachers' itself which was followed by a grand lunch. All the teachers enjoyed and appreciated the programme and received a token of love in the form of a planter from the school management.

JANMASHTAMI CELEBRATION

To seek the blessings of Lord Krishna, Janmashtami was celebrated on September 4th, 2023 with mirth and joy. While this religious significance is not lost, this day signifies a lot more to modern India. It signifies excitement, euphoria, and a joyous spirit of enthrallment. It brought devotion, creativity, enjoyment, and fun all together. On this occasion, "Dahi handi" and "Dance" programmes were also organized.

The life history of Lord Krishna was very beautifully depicted by colourful Jhankis from "Birth of lord krishna" to "Mahabharat".

INTER HOUSE COMPETITION

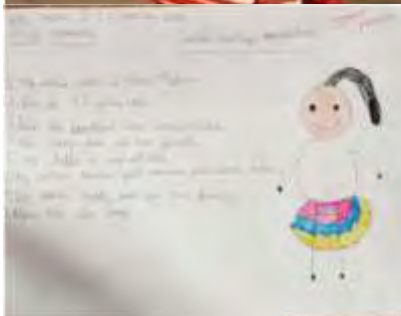

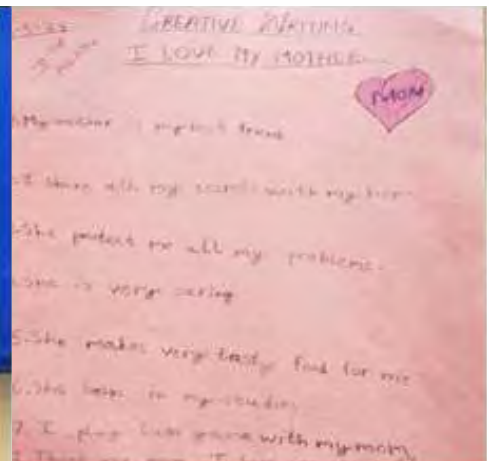

PRIMARY (2023-24)

INTER SCHOOL COMPETITION

TOPIC : “HAMARA NETA KAISA HO”

Participant: "Harshita Kaushik XI-D"

"Leadership is the capacity to translate vision into reality." — Warren Bennis.

The inter-school competition on the topic "**Hamara Neta Kaisa Ho**" provided a platform for young minds to engage in meaningful discussions about leadership qualities and values. It was inspiring to see the level of awareness and understanding displayed by the participants, reflecting their aspirations for a better future. Keeping this in mind, our student of senior wing Harshita Kaushik participated in an Inter-School speech Competition - "**Humara Neta Kaisa Ho**" held at New Era Public School Dwarka, and secured the second position.

SENSORY ACTIVITY

HOT AND COLD

Hot and cold topic was introduced to Pre - Primary students. An interactive discussion was done where the students got to know about their hot and cold and when that day was celebrated. It was an experience full of learning and fun.

An amazing and innovative worksheet was made for the students where Nursery students done colouring on the hot and cold picture with the help of a crayon whereas the K.G students did basic colouring. Students performed the activity with great interest. They were very happy after completing their task.

Overall, the experience was fruitful and enjoyable. Students had a memorable day with lot of learning and gaining experience. The educational discussion along with the activity was a great learning experience for them.

KITCHEN GARDENING IN SCHOOL CAMPUS

Children living in cities get more opportunities to acquire knowledge and prepare themselves for their future, but in the other hand they are moving away from the Mother Nature.

In order to give a firsthand experience to our students to know about nature and to make them understand the hardship done by the farmers to grow food, honourable Manager, SBGS Mr S.C. Rawat took a great initiative to set a kitchen garden in the campus of Shiksha Bharati Global school.

Different varieties of vegetables and fruits were planted. Students use to visit them regularly and gathering in-depth knowledge about the plants. They are maintaining record of the local and scientific name of the plants, their growth pattern and other biological aspects. Students are also encouraged to Plant and maintain new varieties.

By doing this activity Students are not only developing their gardening skills but also getting closer to nature. As they gather information about the nutritional values of these fruits and vegetables, they also get motivated to have a healthy food habit.
