

Cir No.: STS/ 107/2025-26

30.10.2025 (Thursday)

Dear Parent

In collaboration with Greenecolink Private Limited, an organization dedicated to sustainable and responsible electronic waste management, our school is pleased to announce an ongoing **“e-waste collection drive”**.

To promote environmental awareness and responsible recycling, students are requested to bring old or unused electronic waste items from their homes, such as broken chargers, earphones, cables, old batteries, mobile phones, damaged gadgets or small electronic devices.

An e-waste collection bin has been placed on the school campus for this purpose. The collection will take place **every 4th Friday of the month**.

All collected items will be safely handled and recycled through certified, eco-friendly processes by Greenecolink Pvt. Ltd.

Let us all contribute towards a cleaner, greener, and healthier environment by disposing of our e-waste responsibly.

“Think Green — Recycle Your e-waste!”

Ms Meneka I. Singh
(Principal)
