

CYBER SAFETY

ACTIVITY: Video Screening on Cyber Security

DATE: 24 October 2025

CONDUCTED FOR: Class 2

Class 2 engaged in an informative **Cyber Security Activity** through audio-visuals that introduced them to the basics of staying safe online. Students learned about safe internet practices, protecting personal information, and understanding what to do when encountering unfamiliar content. The interactive session helped young learners develop awareness of responsible digital behavior while making the concept of cyber safety accessible and engaging for their age group.
