## RAZ PLUS INFORMATION SESSION

Reading in the early years is very important because it helps children develop language, imagination, and thinking skills. It also builds a strong foundation for learning in school and encourages a love for books and stories.

The session conducted by Ms Vidushi Maan, Advisory Board Member at St. Xavier's High School, Reading and Literacy Programme provides valuable insights into the significance of reading, digital resources, and strategies to cultivate a love for reading in children. Parents will be introduced to Kids A-Z online reading platform tailored to enhance children's reading experiences, ranging from e-books and a vast online library. By fostering a collaborative approach between parents, educators, and the community, we at Xavier's aim to instill a lifelong love for reading in our children, empowering them to thrive in an increasingly digital world.

# BACK TO SCHOOL ASSEMBLY BY TEACHERS

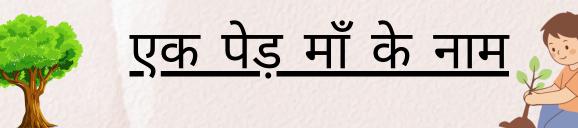

The Grade 3 team of teachers conducted a special assembly on 3rd July 2025 with great enthusiasm and coordination. The event was gracefully compered, and the audience remained engaged throughout.

The assembly commenced with a soulful poem celebrating the special bond shared between teachers and students. This was followed by the Word for the Day and an explanation of the importance of the day.

The team reinforced discipline and clarity among students by highlighting the notebook rules, examination guidelines, and rubrics for the holiday homework. The July month calendar overview was then presented by the Grade 3 representative, outlining the upcoming activities and events for the month. The assembly concluded with an inspiring address by the Director Principal, who motivated everyone with her thought-provoking words.

Overall, the assembly radiated positivity, purpose, and teamwork, setting an encouraging tone for the month ahead.

As part of the beautiful initiative "Ek Ped Maa Ke Naam", our school conducted a special sapling plantation drive with the aim of nurturing environmental consciousness and honouring the vital role of mothers in our lives.

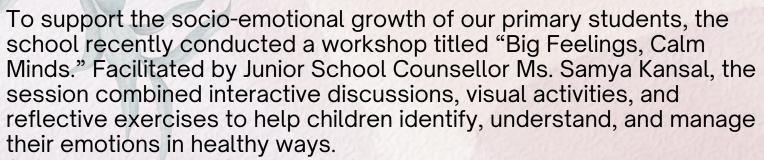

Students were encouraged to plant a sapling with the support of their mothers and capture the moment through a photograph. This meaningful activity not only instilled a sense of environmental responsibility among our young learners but also strengthened the emotional bond between mother and child.

We were delighted to witness enthusiastic participation from families across all grades. By planting trees, our students proudly demonstrated their commitment to a greener, more sustainable future.

## SESSION BY SCHOOL COUNSELLOR

Students explored different feelings, learned to recognize body signals that accompany emotions, and discovered practical strategies to stay calm during strong emotional experiences. The workshop emphasized that all feelings are valid, but the way we express them matters, highlighting the importance of emotional literacy from an early age.

By creating a safe and supportive environment, the workshop encouraged children to share openly and develop skills that will help them navigate relationships and everyday life with balance and confidence.
