van mahotsav

To honour the spirit of nature and promote environmental awareness, learners of Grade 1 joyfully celebrated Van Mahotsav – the Festival of Trees – with great enthusiasm. A major highlight of the day was the collaborative creation of a Tree Collage where each student contributed a leaf representing their commitment to protect nature. These leaves came together to form a vibrant, symbolic tree as a reminder of our collective responsibility toward the environment. Through this celebration, students learned not just about the importance of trees in combating climate change and supporting biodiversity, but the deep connection between nature and human well-being.
