Career guidance plays a vital role in helping students make informed academic and future career choices. It broadens their perspective by exposing them to diverse new fields and emerging global opportunities. With the right guidance, students can align their strengths and interests with their goals. Your active participation will make this initiative more meaningful and enriching for our young learners.

Parents may visit the Global Career Fair at their own discretion. They are requested to accompany their wards. You are requested to kindly adhere to the allotted time.
