### CIRCULAR

Dear Parents,

Greetings!

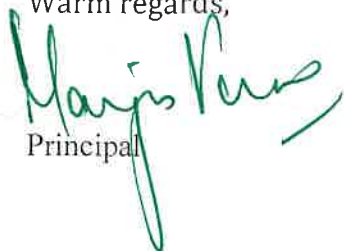

The time for project-based assessments as a part of PT-3 is round the corner, bringing with it opportunities for our students to explore, create, and demonstrate their learning in meaningful ways. Designed not only to assess knowledge but also to build collaboration, creativity, and confidence in our learners, these activities have been further refined in response to your valuable suggestions shared during the Online Meeting held in August 2025. To make the activity schedule more streamlined and easier to follow, the following adjustments have been thoughtfully incorporated:

- Limiting the projects as **solo or pair activities**.
- The **date, activity, assessment rubrics, and materials required** have been listed in one doc.

To ensure better clarity, the compiled schedules and detailed plans have been prepared separately for **Grades 4 and 5** and are attached along with this circular for your reference.

We trust that this structured format will make the process smoother. Thank you for your continued support in helping us provide enriching and enjoyable learning experiences for our students.

Warm regards,

Principal
