CIRCULAR

Dear Parents,

We are delighted to share that four young learners from DPSKPV—Rishabh Singh, Praneel Singh, Advay Pandey (Grade IX), and Vivaan Gaur (Grade VII)—proudly presented their innovative project, 'Automated Indoor Farming', at the inaugural ceremony of Viksit Bharat Buildathon 2025 held on 13 October at DPS Mathura Road.

Their project, developed with creativity and scientific insight, showcases sustainable indoor farming with 24/7 remote access, 99% climate accuracy, 60% water conservation via automated irrigation, and an eco-friendly approach, embodying the vision of a self-reliant India.

The Hon'ble Education Minister, Shri Dharmendra Pradhan, appreciated their commitment to innovation, environmental responsibility, and national progress.

This achievement will inspire our entire school community, motivating students to dream bigger, innovate fearlessly, and contribute meaningfully to nation-building. We are pleased to share glimpses of the students' enthusiasm and dedication during this landmark event.
