**A Glimpse of the Event**

**Objectives:**

- To help students express their thoughts and feelings clearly and confidently through storytelling.
- To encourage children to recognize and appreciate the love, care, and efforts of their mothers.
- To stimulate creative thinking by encouraging students to create or recount stories related to their experiences with their mothers.

*“It always seems impossible until it’s done.” – Rudyard Kipling*

The English Lingua Franca Club of MBS International School organised an engaging storytelling activity on Wednesday, 7 May 2025, as part of its ongoing efforts to promote creative expression and linguistic skills among students.

The activity was aimed at encouraging students to explore their imagination and hone their storytelling abilities in English, which serves as the lingua franca in global communication. Students were given the opportunity to narrate self-composed or adapted stories, using vivid expressions, voice modulation, and gestures.

The highlight of the activity was the diverse range of stories — from folk tales and moral narratives to fantasy adventures and humorous anecdotes. Each student brought a unique style and voice to the stage, making the session lively and memorable.
