

PRATAP INTERNATIONAL SCHOOL

Grade – I

(1st November to 30th November 2025)

SYNOPSIS:- November unfolded almost like a small festival season in the school, each week offering its own flavour of excitement and learning. The month opened with the lively Halloween Celebration, where children arrived in imaginative costumes and enjoyed themed games that sparked both laughter and creativity. Soon after, the campus shifted into a more exploratory mood with Srijan 2.0 – the Science Exhibition. Students showcased their models and experiments, giving a glimpse of their curiosity and growing scientific thinking. The event drew enthusiastic participation and filled the corridors with discovery and innovation. Next came the ever-cherished Children's Day, a day dedicated entirely to joy. Fun games, cheerful smiles, and thoughtful gifts made the celebration memorable for every child. The month also encouraged young voices through the engaging KSS Storytelling Competition, where students took the stage to narrate stories with confidence and imagination. Their expressions, gestures, and creativity brought each story to life. Alongside these major events, classrooms continued to be vibrant with learning. The One Class Enrichment Activity provided space for collaborative tasks and skill-building, while Grade 1 students enjoyed a hands-on Pattern Activity in Math, exploring sequences through colours, shapes, and numbers. Altogether, November became a month of celebration, creativity, exploration, and joyful learning—each event adding its own colour to the school's lively journey.

- ❖ Halloween Celebration
- ❖ Srijan 2.0
- ❖ Children's Day
- ❖ KSS Storytelling
- ❖ Class Enrichment (Pattern Activity)

HALLOWEEN CELEBRATION

From little witches to adorable vampires — our tiny tots lit up the Halloween celebration with joy, creativity, and spooky fun!

At Pratap International School, learning meets laughter, and every event becomes a memory to cherish forever!

SRIJAN 2.0

At Pratap International School, students from multiple schools came together for SRIJAN 2.0 — an Inter-School Science Exhibition showcasing 30+ innovative projects

From technology to sustainability, every model reflected creativity, teamwork, and a vision for a better tomorrow

Here, young minds didn't just display science — they created the future!

CHILDREN'S DAY CELEBRATION

Our school celebrated Children's Day with great joy and enthusiasm. The day began with a special assembly, where teachers conveyed their love and best wishes to all the students. Various fun games and activities were organized, and children participated with excitement and energy. Laughter and cheer filled the campus as everyone enjoyed the events.

To make the day even more memorable, the school distributed wonderful gifts to all the children. Their happy faces and bright smiles made the celebration truly special. Overall, it was a delightful and fun-filled day dedicated to our lovely students.

KSS STORYTELLING

Pratap International School proudly hosted the KSS English Story telling Competition today, bringing together talented storytellers from multiple schools.

A day filled with creativity, confidence, and powerful voices shaping the storytellers of tomorrow.

CLASS ENRICHMENT ACTIVITY

Pattern Activity

Our Grade 1 students enjoyed a fun and interactive Pattern Activity in their Math class. The activity helped children understand different types of patterns. Students used fork, spoons, pencils, eraser, paper cut-outs, and flowers to create their own patterns.

They eagerly arranged the materials in sequence and identified which item would come next. The hands-on activity made learning enjoyable and helped build their observation, logical thinking, and creativity.

Overall, the Pattern Activity was a great success, and the students participated with excitement and confidence.
