

## LEARNING THROUGH CONVERSATIONS

**ACTIVITY: Virtue Week - Respect Wednesday**

**DATE: 3 December 2025**

**CONDUCTED BY: Class 8C**

As part of **Virtue Week**, the students of **Class VIII C** explored the theme of **Respect** through an engaging peer-interaction activity. Students interviewed one another about their **culture, food habits, family traditions, ethics, and personal views on life**.

This meaningful exchange encouraged them to appreciate the uniqueness of each individual and understand the importance of respecting diverse perspectives. Through active listening and open conversations, students learnt how mutual respect and tolerance help build stronger, more empathetic relationships.

The activity successfully fostered sensitivity, acceptance, and a deeper sense of respect for others, reinforcing this essential virtue in their daily lives.
