A Glimpse of the Event

Objectives: To enable the learners:

- to have deeper respect for the dignity of labour
- to hone their skills reflective writing skills

An Inter House **Reflective Writing** was organised by MBS International School on **30 April 2025** in the school library for the students of class XI-XII. The activity aimed at helping students develop respect for manual labour by having them step into the shoes of workers like gardeners, cleaners, or cooks for a day. Students reflected on their experiences through a diary entry, documenting the physical demands, challenges, and lessons learned. Many students expressed newfound empathy and appreciation for the dedication and patience required in such roles, realising that no task is small. This exercise not only increased their respect for the dignity of labor but also encouraged a deeper understanding of the essential contributions manual workers make to society.
