

**ITL PUBLIC SCHOOL**  
**Revision Worksheet (2)**  
**Poem-The Frog Prose-What A Tank!**

**Q1. Answer the following questions**

- a) Where does the frog sit?
- b) How does the frog catch its food?
- c) Why does the frog need to beware of the shake?
- d) What helps the frog to swim easily?
- e) Mention the traditional methods used in Rajasthan, Tamil Nadu and Kerala to store water.
- f) Describe the overhead tanks and their usage
- g) Describe the process of making tanks in Punjab.
- h) How do the unique shapes of tanks reflect the identity of a person?

**Q2. Reference to the context**

**a) *As a tadpole, I swim with cheer,  
A tiny fish-like thing, so clear!***

- i) What is a young frog called?
- ii) How does the tadpole look?

**b) *My colours match the plants and trees,  
I hide so well in grass and leaves!***

- i) Who is 'my' in the above lines? How do the colours help it?
- ii) Where does the frog hide?

**c) "There is something different about the overhead tanks of Punjab."**

- i) What is different about the overhead tanks of Punjab?
- ii) Write the meaning of the word 'overhead'.

Q3. If you had to build a water tank, what would you make it look like? Why?

Q4. What would it feel like to live like a frog, both in water and on land?
