GO GREEN-NURTURING NATURE, ONE STEP AT A TIME

OUR YOUNG ECO WARRIORS!

An Eco Warriors activity was conducted for KG and UKG students, where children were introduced as Eco Warrior Heroes. Through stories, role plays, and simple activities, they learnt the importance of saving water, food, electricity, and maintaining cleanliness etc. The children enthusiastically took a pledge to use resources wisely in their daily lives. This activity helped create awareness and encouraged young minds to care for the environment in a fun and meaningful way.

GO GREEN-NURTURING NATURE, ONE STEP AT A TIME

MILK CARTON TO GREEN HAVEN

As part of the monthly theme 'Plants', the children sowed seeds to observe how plants grow. This activity was a little different, as the seeds were planted in used milk cartons. Using the transparent cartons allowed the children to clearly observe the growth of the plants and identify different parts such as roots, stems, and leaves. The activity also helped them understand the importance of reusing and recycling plastic, encouraging responsible habits for a better and greener future.

The children enjoyed taking care of their plants by watering them regularly. Through this hands-on experience, they also learnt that plants require air, water, and sunlight for healthy growth.
