This year, this Fair is bigger, better, and more exciting in- person event designed exclusively for students from **Grades 6 to 12**.

The poster features a vibrant background with large, overlapping geometric shapes in yellow, red, and purple. A central white rectangular area contains the event details. At the top left of this area is the 'Summer Programmes Fair' logo, which includes a stylized sun and the text 'Summer Programmes Fair'. To its right is a logo for 'THE YELLOW BRICK ROAD' featuring a yellow brick path leading to a black silhouette of a castle. Below these logos, the text 'Hosted by THE RED PEN' is displayed, with 'In partnership with USNews' in smaller text to the right. A circular inset on the right side of the central area shows a smiling female student with brown hair, wearing a pink shirt and a black backpack, holding a purple folder. The main title 'THE UAE'S FIRST AND LARGEST' is written in large, bold, red capital letters. Below it, the phrase 'one-stop-shop for summer enrichment opportunities' is written in a smaller, black font. A blue horizontal banner to the right of this text states 'For students between Grades 6-12'. The event details are split into two columns: 'ABU DHABI' and 'DUBAI'.
