

SCIENCE WEEK - DAY 4

EVENT - Inter-House Rangoli Competition

DATE - 22 January 2026

As part of **Science Week – Day 4**, an exciting **Inter-House Rangoli Competition** was organised for students of **Classes VI to IX**. The event beautifully blended **art, creativity, and scientific thinking**, as students transformed the floor into vibrant canvases of colour.

Participants showcased their imagination and teamwork by creating **intricate rangoli designs**, many inspired by **scientific themes, symmetry, patterns, nature, and environmental awareness**. The competition encouraged students to explore concepts like **balance, geometry, colour harmony, and precision** in a creative way.

The activity fostered **collaboration, aesthetic sense, and eco-consciousness**, while providing a joyful platform for self-expression. The vibrant designs and enthusiastic participation made the event a visual delight and a memorable highlight of Science Week
