

## **SCIENCE EXHIBITION - A GRAND FINALE TO SCIENCE WEEK**

**DATE - 23 January 2026**

To conclude **Science Week**, a vibrant **Science Exhibition** was organized with enthusiastic participation from students of **Classes VI to XI**. The exhibition showcased a wide range of **innovative models, informative posters, creative charts, and hands-on science activities**, reflecting students' curiosity, creativity, and scientific thinking.

Students confidently explained their projects, demonstrating a clear understanding of scientific concepts and their real-life applications. The exhibition was graced by the presence of **parents and teachers**, who appreciated the students' efforts and actively interacted with the young exhibitors.

The event provided an excellent platform for experiential learning, encouraged inquiry-based thinking, and fostered a scientific temper among students. Overall, the Science Exhibition served as a **fitting and inspiring culmination of Science Week**, celebrating learning through exploration and innovation.
