

## HANDS-ON HISTORY

### **ACTIVITY: Student Model Presentations**

**DATE: 13 January 2026**

**CONDUCTED BY: Class 11**

The students created informative and creative **models based on topics from their History syllabus** and presented them with confidence and clarity. Each student explained their project in detail, highlighting key historical events, concepts, and significance related to their chosen topic.

This hands-on activity helped students develop a deeper understanding of history by transforming textbook knowledge into **visual and tangible learning experiences**. The presentations enhanced their **research skills, communication abilities, and confidence**, while also encouraging creativity and critical thinking.

Overall, the activity made the learning of history engaging and meaningful, allowing students to connect with the past in an interactive and enjoyable way.
