SESSION: 2025-26

Name of the Activity : Trash to Treasure
Theme : Eco Club Best out of waste
Day & Date : Wednesday, 4 February 2026
Class : III
Activity Incharge : Ms Dinky

A Glimpse of the Event

Objectives:

- To promote awareness about environmental conservation and sustainable living
- To encourage creative thinking through the reuse of waste materials
- To develop innovation, neatness, and presentation skills among students
- To inculcate the habit of practising the 3Rs – Reduce, Reuse, and Recycle

“Creativity is seeing what others see and thinking what no one else ever thought — especially when it comes to protecting our planet.”

The Eco Club of MBS International School successfully organised an Intra-Class Activity titled ‘*Best Out of Waste – Trash to Treasure*’ on Wednesday, 04 February 2026 with the active participation of all students. The interactive activity encouraged students to bring waste materials from their homes such as newspapers, waste bottles, polybags, and other discarded items, and creatively transform them into useful and decorative products including newspaper bags, organisers, pen stands, vases, and home décor articles. The event provided a vibrant platform for students to exhibit creativity, innovation, neatness, and presentation skills while reinforcing the importance of sustainable practices and responsible waste management. The enthusiastic participation and impressive creations reflected students’ growing awareness of environmental conservation and their ability to turn waste into valuable resources, making the activity both educational and impactful
