SESSION :2025-2026

Name of the Activity :Canva poster making
Theme : IT
Day & Date : 24 January 2026
Classes VII
Teacher Incharge : Ms Mehak
Activity Incharge : Shalini

A Glimpse of the Event

Objectives: To enable the learners

- to enhance creativity, visual thinking, and digital design skills.
- to develop awareness of layout, colour schemes, fonts, and visual communication.
- to encourage effective presentation of ideas using digital tools.

“Design is not just what it looks like and feels like. Design is how it works.”

On **24 January 2026**, the **Techies Club** organized a **Canva Poster Making Activity** for students. The activity aimed to promote creativity and digital literacy by encouraging students to design visually appealing posters using the Canva platform. Participants worked individually to create posters based on given themes within a specified time limit. The activity provided students with hands-on experience in using digital design tools while enhancing their imagination, presentation skills, and confidence.

Parameters / Judgement Criteria

- Relevance to the given theme
- Creativity and originality
- Use of design elements (colour, font, layout)
- Overall visual appeal and clarity

Result

S No.	Class & sec	Name	Positions
1	VII-A	Shreyas Roy	First
2	VII-A	Priyal	Second
3	VII-A	Hriday Gaur	Third

A Guide

To CyberSafety

Cybersecurity is the practice of protecting internet-connected systems, networks, devices, and data from digital attacks, theft, damage, or unauthorized access, ensuring confidentiality, integrity, and availability (the CIA Triad) through technology, processes

What Does It Protect Us From?

Cybersecurity protects people, systems, networks, and data from digital threats like malware, phishing, and unauthorized access

Cyber security helps individuals and organisations reduce the risk and impact of cyber attacks.

Types

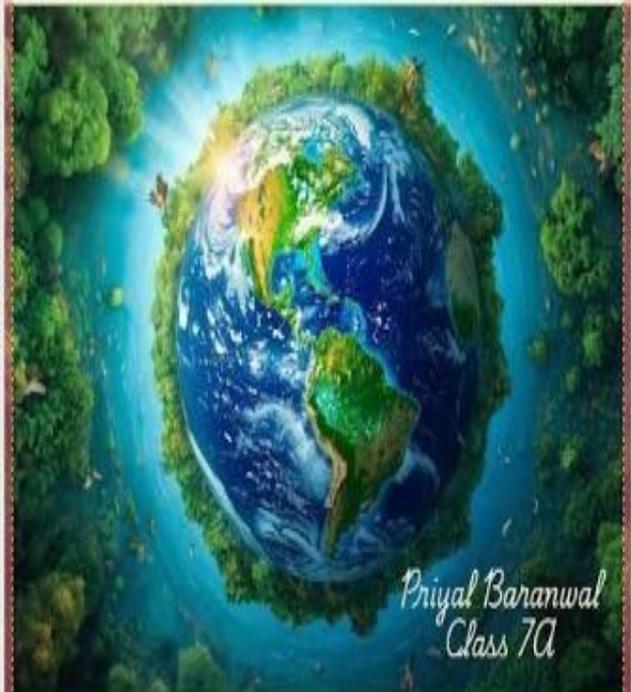

Network Security (firewalls, VPNs), Application Security (secure coding, WAFs), Information Security (data encryption, access control), Cloud
