	a) Baisakhi b) Eid c) Christmas d) Shivratri	
	viii) Which occupation is mainly practised in coastal areas?	
	a) Mining b) Farming c) Fishing d) Weaving	

ix)

Assertion (A)	Recycling paper helps protect the environment.
Reason (R)	Paper is made by cutting trees and using water and energy.

- a) Both A and R are true, and R is correct explanation of the assertion.
b) **Both A and R are true, but R is not the correct explanation of the assertion.**

c) A is true, but R is false.

d) A is false, but R is true.

x)

Assertion (A)	We see different phases of the Moon
Reason (R)	The Moon moves around the Earth.

- a) **Both A and R are true, and R is correct explanation of the assertion.**
b) Both A and R are true, but R is not the correct explanation of the assertion. c) A is true, but R is false.
d) A is false, but R is true.

SECTION-B (10 Marks)

2	Name the following: a) Substances from which objects are made Materials b) Plants that grow naturally without being sown Wild plants/Weeds c) The pattern formed by the group of stars - Constellation d) The work people do to earn a living Occupation e) A planned journey to study space Space mission	5
---	---	---

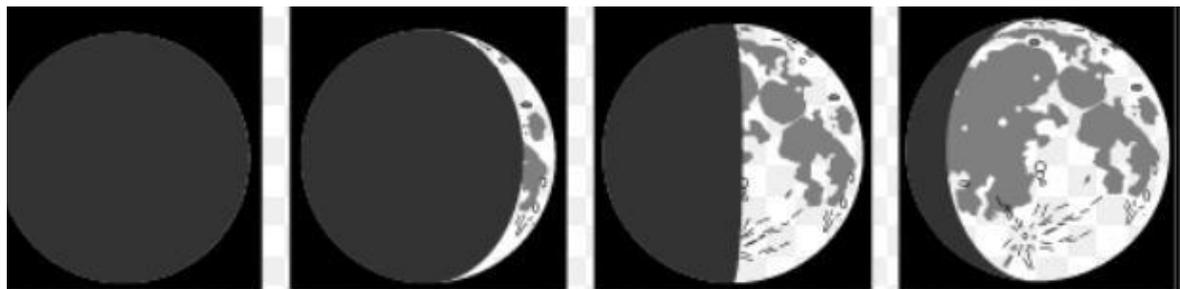

3	Fill in the blanks: a) Anything that has mass and occupies space is called Matter b) A Sundial is used to tell time using the Sun's shadow. c) Cactus has spines instead of leaves to reduce water loss. d) The Moon is not visible on the New Moon/Amavasya night. e) A satellite is an object that moves around a planet.	5
---	--	---

SECTION-C (20 Marks)

	Give reason- a) Houses in heavy rainfall areas are built on stilts. To protect them from floods and waterlogging b) Pine trees have needle-like leaves. To reduce water loss and help snow slide off easily. c) Paper should be used wisely. Because it is made from trees and saving paper protects forests	5
--	--	---

	<p>d) Cactus plants have spines on them. To reduce water loss and protect from animals.</p> <p>e) Shadows are the shortest in noon. Because the Sun is directly overhead.</p>							
5	<p>Riya sleeps on time and follows a proper routine, while Mohan stays awake late and does not follow discipline. Because of this, Riya feels active in school but Mohan feels tired and lazy.</p> <p>Observation Table:</p> <table border="1"> <thead> <tr> <th>Riya (Proper Sleep)</th> <th>Mohan (No Proper Discipline)</th> </tr> </thead> <tbody> <tr> <td>Sleeps 8–9 hours daily</td> <td>Sleeps very less</td> </tr> <tr> <td>Completes work on time</td> <td>Delays or forgets work</td> </tr> </tbody> </table> <p>a) Who is likely to perform better in school and why? Riya, because she gets proper sleep and follows discipline.</p> <p>b) What is mindful eating? Eating slowly and carefully while paying attention to food.</p>	Riya (Proper Sleep)	Mohan (No Proper Discipline)	Sleeps 8–9 hours daily	Sleeps very less	Completes work on time	Delays or forgets work	2
Riya (Proper Sleep)	Mohan (No Proper Discipline)							
Sleeps 8–9 hours daily	Sleeps very less							
Completes work on time	Delays or forgets work							
6	<p>Answer the following questions and mark the states on the given POLITICAL MAP of INDIA</p> <p>a) State where terrace farming is practised Himachal Pradesh/Sikkim/Meghalaya</p> <p>b) One desert state of India Rajasthan</p>	2						
7	<p>Name any two factors that affect the length and direction of a shadow. Position of the Sun and time of the day</p>	2						
8	<p>Different landforms support different lifestyles. People living in mountain regions face cold climate, steep slopes and limited flat land. To survive in such conditions, they follow special ways of living, housing, clothing and occupation that suit their environment.</p> <p>a) Why do people in mountain regions wear woollen clothes? To protect themselves from extreme cold</p> <p>b) The trees in the mountains like Fir and Pine are different from the ones growing in the Plains. List any two differences Mountain trees are tall, cone-shaped and have needle-like leaves. Plain trees are wide, spreading and have broad leaves.</p> <p>c) Mention one occupation practised by people living in mountain regions. Terrace farming / Sheep rearing / Tourism</p>	3						
9	<p>Look at the given picture and answer the following questions-</p> <p>a) Label each of the following phases (A to D)</p>	3						

b) Explain the different phases of the Moon

A

B

C

D

New Moon, Crescent, Half Moon, Gibbous
The Moon appears to change shape because it revolves around the Earth and we see different portions of its sunlit part. The picture shows the waxing phase of the moon
