A YEAR AT A GLANCE...

THE SCHOOL MOSAIC

# Not a Title Page, a Promise

“This year was not counted in days, but in discoveries.”

As we unfurl the pages of the bygone year, we reminisce more than a sequence of terms and events, we see young minds unfolding, steadily and surely. With years of experience guiding our classrooms, we recognise 2025 as a year where learning was deepened, personalities were shaped, and potential was carefully nurtured.

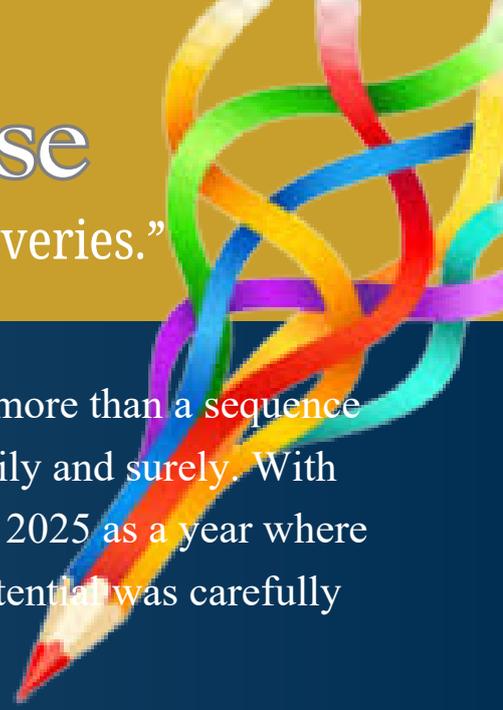

Within classrooms, effort found direction and curiosity found courage. Students read deeply, questioned freely, reflected honestly, and learned that excellence is built through patience and practice. Achievements: academic and beyond, emerged not as isolated successes, but as reflections of discipline, resilience, and sustained engagement.

The rhythm of the year was demanding. Competitions, performances, celebrations, and community initiatives filled the calendar, creating a season that required both balance and resilience. We watched our students rise to these expectations, discovering confidence in preparation and strength in perseverance. Each challenge met became a quiet rehearsal for life beyond school.

Yet, the most meaningful learning could not be confined to the page alone. Classrooms evolved into spaces of dialogue, where ideas were exchanged with respect and mistakes were treated as stepping stones. Teachers guided with intention, mentored with care, and learned alongside their students, ensuring that values such as empathy, responsibility, and collaboration were lived daily.

For those looking ahead, this year offers reassurance and promise. At Sri VIS Dwarka, children are not shaped to fit a mould; they are encouraged to grow into their own possibilities.

Expectations remain high, care remains constant, and every child is seen as a journey unfolding prepared not just for the next grade, but for the larger world waiting beyond the school gates.

# THE VISIONARY BEHIND THE FOUNDATION

*Each new day is a canvas of possibilities—let us inspire, learn, and lead with purpose and passion.*

2025 has been a year of exceptional accomplishments for SVIS, reflecting our unwavering commitment to academic excellence, holistic growth, and preparing students for a future-ready world. Our learners have excelled academically, earned top positions in competitive examinations, and brought laurels at state-level science and innovation initiatives. The school's innovative programmes that focus on values, and emphasis on leadership and global awareness have been recognised through prestigious awards. I am proud that our alumni continue to shine across diverse fields, demonstrating the lasting impact of an SVIS education and inspiring the next generation to dream big, lead responsibly, and make a difference in the world.

At SVIS, learning is designed around the student. Through collaboration, hands-on exploration, and reflection, we nurture curiosity, critical thinking, creativity, communication, digital literacy, and socio-emotional growth. Our state-of-the-art facilities and thoughtfully designed spaces from mindfulness zones to reading corners support well-being while building confidence and resilience. With smart technology, robotics, labs, open-air amphitheatres, and nature-based experiences, we create vibrant environments where students thrive.

By moving beyond traditional classroom models, SVIS continues to create ecosystems that empower learners to navigate complexity, embrace challenges, and grow into compassionate, capable, and socially responsible global citizens. These achievements reflect not only the dedication of our students and teachers but also our enduring vision to nurture independent thinkers and lifelong learners who are ready to navigate confidently an ever-evolving world.

## FROM THE PRINCIPAL'S DESK

*“Every year begins with the same bell, yet no year ever sounds the same.”*

Dear Parents and Students

As we reflect on 2025, we see a year that unfolded like a story, each day a page, each moment a lesson. Our classrooms became gardens of thought, where curiosity grew, questions blossomed, and courage took root. Every challenge faced, every effort made, became a step forward in shaping learners who are confident, compassionate, and curious.

This year, our students extended learning beyond the classroom through initiatives that have made 2025 truly remarkable. Through PRAYAAS – Ek Koshish, our Social Service Group, students embraced empathy, responsibility, and leadership by participating in plantation drives, visiting orphanages and elderly homes, organizing a grain donation drive, conducting financial literacy workshops for support staff, and reaching out to women and children in need. Through Anubhuti, our Guidance and Counselling cell, students strengthened resilience, communication, and leadership skills through mindfulness workshops, emotional regulation sessions, experiential learning projects, career guidance programs, youth leadership summits, and awareness initiatives on child protection, substance abuse, and cyber safety. Meanwhile, through Ankuran – our Sustainability Project, students took meaningful steps toward environmental responsibility by conducting awareness assemblies, participating in workshops and internships, leading a four-month plastic donation drive, and organizing Eco Club activities including “Say No to Crackers,” plantation drives, and Best Out of Waste projects.

Watching students explore, adapt, and collaborate in these initiatives has been immensely rewarding. These experiences remind us that education at Sri VIS is more than grades—it is the unfolding of potential, the shaping of character, and the nurturing of dreams. I extend heartfelt thanks to our teachers, whose guidance turns learning into meaningful experiences, and to our parents, whose trust and encouragement create a strong foundation for growth. Together, we have ensured that learning extends beyond milestones it prepares children to face life with resilience, empathy, and integrity. I am proud of every child for their perseverance, their curiosity, and the versions of themselves they are becoming. May the coming year continue to be a journey of discovery, courage, and endless possibilities where every day is a new beginning and every effort a step toward light.

**Nishu Pandey**  
**Head of School**

# Milestone Moments

2025-26 has been a remarkable session at Sri VIS, as our students actively participated in initiatives that foster compassion, leadership, life skills, and environmental responsibility. From serving the community to promoting sustainability and enhancing emotional well-being, our students have truly made a difference. Here's a look at our key achievements.

# WHERE CURIOSITY TAKES SHAPE

FROM THOUGHT TO  
CREATION

# A PEEK INTO INQUIRY-BASED LEARNING

From Circuits to Creativity

Little Scientists, Big Ideas

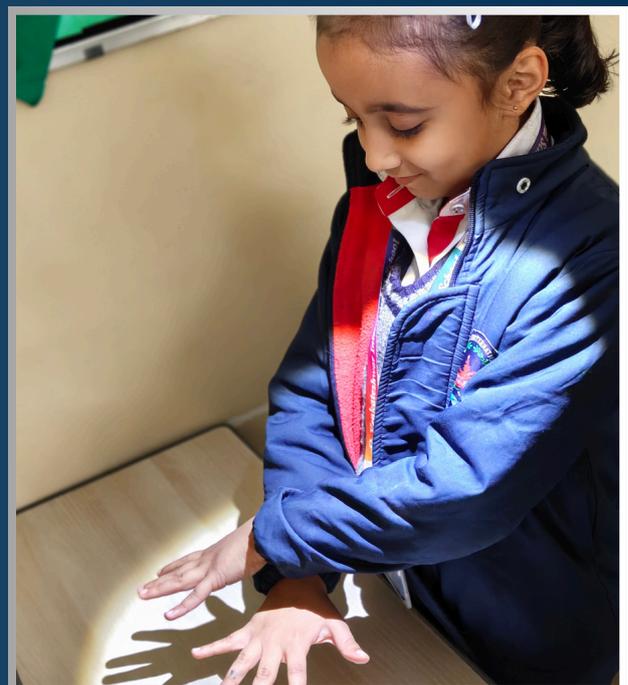

Think, Tinker, Transform

Hands-On, Minds-On

Discover, Design, Do

Building Bright Minds

# PAVING THE WAY TO ENDLESS CURIOSITY

We believe that the most profound lessons aren't simply read—they are lived. Through our commitment to Experiential Learning, we move beyond the confines of the textbook to ensure complex concepts come alive through meaningful action. Instead of being passive listeners, our students move ahead-first into a world of role-play, dramatisation and scientific enquiry that bridges the gap between theory and the real world. Whether they are exploring mathematical patterns through the lens of art and music or conducting hands-on experiments, our pupils are truly *"learning by doing."*

# IDEA. INSPIRATION. INNOVATION.

**BUILT BY STUDENTS. POWERED BY AI.**

**CODE THE FUTURE. TRAIN THE INTELLIGENCE.**

**THE FUTURE IS STUDENT-CODED.**

# STEM EXPO @ SVIS

Building bold possibilities through Robotics and STEM!

SVIS is proud to showcase an innovative programme that introduces students to the high-energy world of Robotics and STEM. These sessions spark curiosity and creativity by blending science, technology, engineering and mathematics with hands-on exploration.

Exploring Science. Engineering the Future

Designed to Discover

The Lab Comes Alive

Built on Curiosity

# BUILDING BOLD POSSIBILITIES THROUGH ROBOTICS AND STEM!

From designing robotic models to tackling real-world challenges, students develop vital problem-solving skills, logical reasoning and teamwork. The programme empowers learners to imagine bold possibilities, preparing them to thrive in a technology-driven future.

**Precision. Power. Possibility.**

**Robotics: Beyond the Blueprint.**

# COSMIC WANDERER- ASTRONOMY @SVIS

Our school conducts outsourced Astronomy Classes that bring the mysteries of the universe closer to our students. These sessions cover important celestial events and phenomena, encouraging curiosity and scientific exploration. Students enjoy activities under the Celestial Spotlight, gaining firsthand experience of the wonders of space through moon sighting and sun watching. By connecting classroom learning with the vast cosmos, the programme inspires young minds to think critically and nurtures a lifelong fascination with astronomy.

Little astronomers,  
limitless skies.

Launching curiosity,  
one rocket at a time.

A world of planets in  
their hands.

From model to mission:  
ready for lift-off

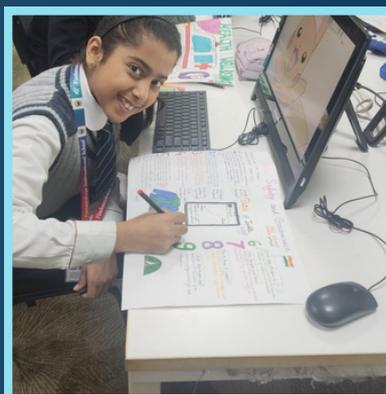

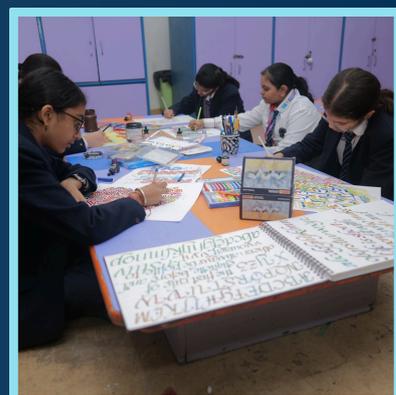

Into the unknown

Planets in motion, minds  
in orbit

# CLASSROOM DIARIES

A Joyful Journey of Lifelong Learning...

# LEARNING THROUGH INNOVATION

Children enthusiastically explored thoughtfully prepared models and beautifully curated classroom galleries, constructing meaning through observation, dialogue, and guided play. Through the integration of Gallery Pedagogy, learners from other classes were invited to visit and engage with these interactive displays. This collaborative exchange provided young learners with meaningful opportunities to build confidence, strengthen their speaking skills, and express themselves with clarity and ease.

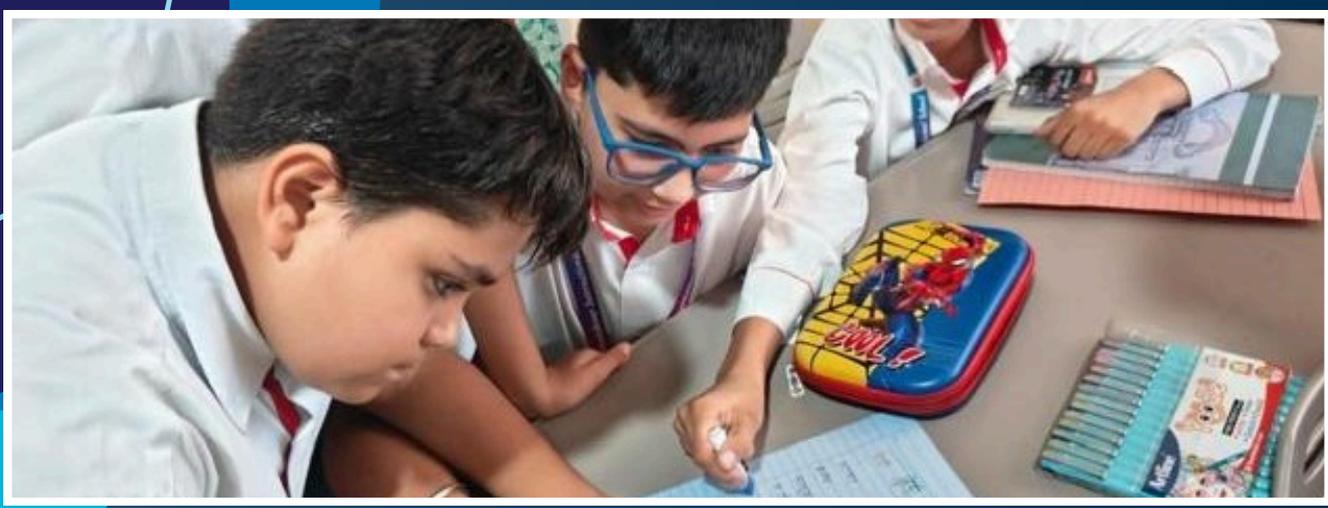

They discovered real-world concepts through themed learning spaces such as Rescue Rangers – Blazing Fun (Fire Station), Manners, Meals & Magic (Restaurant), Groom, Glow & Grow (Salon), Kiddies Post Land (Post Office), and Learning Bank Lane. These immersive setups helped children connect classroom learning to real-life experiences while nurturing awareness, responsibility, and thoughtful thinking in joyful and meaningful ways.

# LEARNING BEYOND CLASSROOM WALLS

## Visit to ISKCON Temple

## Visit to Jim Corbett

## Visit to Agra

## Visit to Ranthambore

Educational excursions offered children meaningful opportunities to observe, explore, and apply learning in real-life settings. Visits to places such as the ISKCON Temple, Ranthambore, Jim Corbett, Agra and Eco Adventure Club helped children experience community spaces and cultural environments firsthand. These experiences played a vital role in instilling values, fostering independence, cooperation, and social skills, while creating a strong cultural connect at an early age laying a firm foundation rooted in values, respect, and awareness of heritage.

## Visit to Eco Adventure Park

# HT LIT FEST

SVIS hosted HT LitFest 2025 in collaboration with Hindustan Times Media Group, celebrating young voices, creativity, and innovation. Graced by Chairman Mr. Sailander Solanki and Mr. Indra Narayan Das, National Circulation Head at HT Media Group, the festival brought together 30 schools from Delhi NCR. Students showcased their talent through competitions like Comic Canvas, Artful Strokes, and Refab Revolution, while Rhythmshala and sessions with renowned authors made it a vibrant celebration of literature and expression.

# ENTREPRENEURIAL EXPO

A signature annual school event that showcases students' entrepreneurial thinking through innovative stalls and idea pitches, bringing economic concepts to life while nurturing creativity, critical thinking, and real-world business skills.

## अर्थशाstra

# TEDX YOUTH

On 26 July 2025, TEDxYouth@SVIS transformed the school into a hub of ideas, innovation, and impact. Curated entirely by students, the event brought together an extraordinary panel of speakers, sparking conversations that inspired, challenged, and reimaged perspectives. Months of planning and creative brilliance from the student organisers made it an unforgettable celebration of thought meeting action—the SVIS way.

# MERAKI- THE ANNUAL FASHION FIESTA

At Meraki 2025, SVIS students brought the runway to life with the theme “Vintage,” blending eras, cultures, and causes through creative storytelling and sustainable designs. Alumni judges from NIFT inspired the showcase of self-crafted accessories and innovative wardrobes, proving that fashion thrives on intent, imagination, and mindful design.

# MINI STORIES...

## EARTH DAY

Sustainability came alive across the school on Earth Day. Activities blended reflection with responsibility, featuring skits, speeches, songs, and poems that encouraged conscious living, energy conservation, and the protection of biodiversity. School's Head of School, Ms Nishu Pandey inspired students to become climate champions and envision a green charter for a more sustainable future. The celebrations were among many moments that made the year one of awareness, action, and purposeful learning.

## SHAKESPEARE DAY

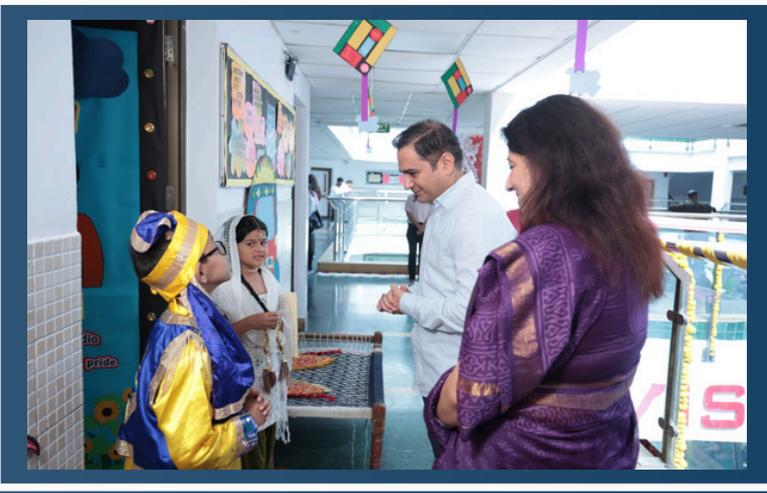

SVIS celebrated the timeless genius of Shakespeare through vibrant classroom engagements in Grades VI-XII and a captivating special assembly by Grade XII. The senior students brought to life masterpieces such as Hamlet, King Lear, Macbeth, Julius Caesar, and Timon of Athens, showcasing the depth, drama, and enduring relevance of the Bard's works. A seamless Shakespearean Mashup, a thought-provoking Character Debate, creative digital reinterpretations, powerful monologues, and an exhilarating Literary Quiz together created a celebration rich in artistry, intellect, and expression, a truly beautiful tribute to his everlasting brilliance.

# PRE-PRIMARY BRINGS TENALI RAMA TO LIFE

The Pre-Primary Cultural Day on Tenali Rama was celebrated with immense joy and enthusiasm, creating a truly heartwarming experience for our little learners. The highlight of the event was our tiny stars, aged just four and above, stepping onto the stage for their very first live performance. With astonishing confidence, they delivered their dialogues flawlessly, expressing themselves with charming gestures and delightful voice modulation that left the audience spellbound.

# CULTURAL MÉLANGE:INDIA

## PRIMARY WING

SVIS came alive with colors, sounds and flavours of India as the young minds of Class 3 presented 'Cultural Mélange' – a delightful celebration of the rich cultural diversity of our nation.

“Cultural Mélange” was not just a function; it was a celebration of learning beyond the classroom – a beautiful reminder that even the youngest citizens of India can be proud ambassadors of its glorious heritage.

# MIDDLE WING BRINGS BUDDHA'S WISDOM ALIVE

*Education is the sacred flame that enlightens the intellect and ennobles the spirit.*

Middle Wing presented the Grade VIII Cultural Day in a celebration resplendent with artistry and accomplishment. Graced by distinguished guests, the occasion unfolded through a harmonious choir, the felicitation of achievers, a stirring nukkad natak, and a deeply evocative portrayal of Gautam Buddha, whose eternal message of compassion, wisdom, and enlightenment continues to illuminate humanity's path.

# CELEBRATING CHANAKYA'S LEGACY – SENIOR WING ANNUAL DAY 2025”

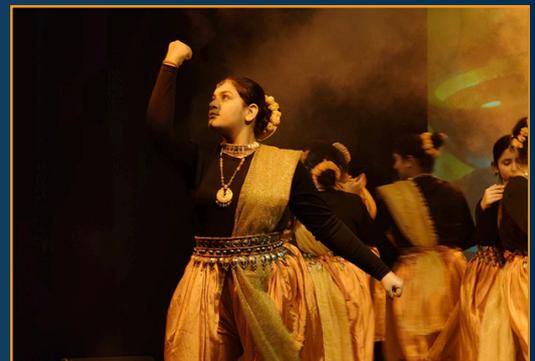

*- A Saga of Intellect, Insight and Indomitable Will*

*Not by sword, nor crown, nor fame;  
But by vision – the wise shall reign.  
For he who masters his own mind;  
Rules every kingdom he shall find.*

The Senior Wing celebrated Annual Day 2025 with grandeur and distinction, bringing to life the wisdom and legacy of Chanakya. The occasion dazzled the audience with enthralling performances, thought-provoking enactments, and a showcase of talent that blended intellect, creativity, and artistry. Through powerful dramatizations, evocative speeches, and inspiring presentations, the students paid tribute to Chanakya's enduring lessons in strategy, leadership, and vision, leaving a lasting impression on all who witnessed the event.

**World Scholar's Cup: Yale Edition**

**Learning Windows at Bangkok**

**Discover, Learn, Connect – French Exchange**

**Exploring Knowledge, Experiencing Singapore**

# HISTORIC TRIUMPH AT THE WORLD SCHOLAR'S CUP: GLOBAL EXCELLENCE, GLOBAL EXPOSURE

Our students delivered an outstanding performance at Yale University, securing 15 Gold and 18 Silver medals across Debate, Collaborative Writing, Scholar's Challenge, and Scholar's Bowl at the World Scholar's Cup – Tournament of Champions.

Competing against nearly 2,000 top scholars selected from over 50,000 participants across 65+ countries, they exemplified the SVIS spirit of curiosity, global citizenship, and collaborative excellence.

The experience was further enriched through academic visits to Harvard, MIT, and Yale, including a special interactive session at MIT. At SVIS, we focus not only on preparing students for competitions but also on equipping them with the skills, confidence, and perspective needed to excel in the real world.

# LITERARY FIESTA AT MAYO COLLEGE

Our visit to Mayo College, Ajmer for the Deutschutsav 2025- Language Fest was truly an enriching experience. The event beautifully celebrated multilingualism, showing how languages connect cultures and shape understanding. Interacting with guests from Germany and students from various national and international schools offered valuable insights into global communication.

We were delighted to secure the first position in the Senior Quiz and the second position in the Film Festival. Beyond the awards, it was a memorable journey of learning, exchange, and appreciation for the diversity of languages.

# SERVICE AND SENSITIVITY: EK *Prayaas*

One of the most meaningful experiences of a student's school life has been participation in PRAYAAS. It was never just about contributing to a team; it was about discovering compassion, empathy, and humanity within oneself. Through initiatives like the Grain Donation Drive, Financial Literacy Workshop, and visits to the Old Age Home, Maika Sweet Home Anathalya, and orphanages, the student's perspective on the world was profoundly transformed.

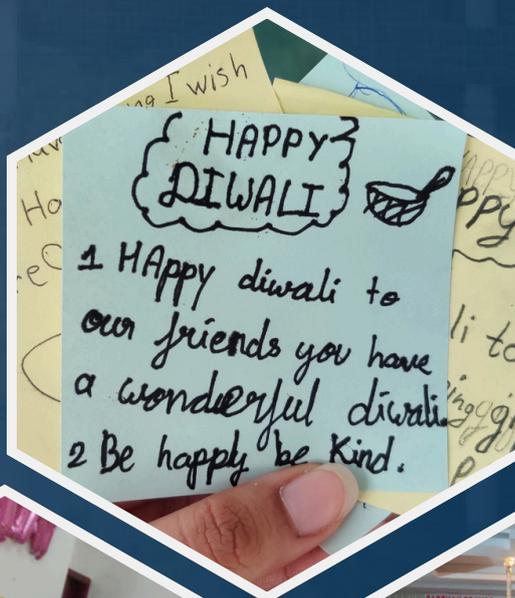

The 'Ek Ped Maa Ke Naam' initiative left a lasting impression. Planting trees in the name of their mothers helped the students realize the depth of a mother's love. Caring for a sapling instilled a sense of responsibility and unconditional care, inspiring them to plant even more trees. Visits to the elders and children opened students' eyes to realities they had never fully grasped. Witnessing the loneliness of elders in the Old Age Home and the struggles of children in orphanages was deeply moving. Experiencing their stories firsthand fostered a profound gratitude for one's family, home, and security. PRAYAAS has been more than a programme, it has served as a catalyst for personal growth. It has taught students that life is not only about success; it is about becoming better human beings compassionate, empathetic, and sensitive to the struggles of others.

# HARBINGER OF CHANGE: PRAYAAS INITIATIVES

- Ek Ped Maa Ke Naam 2.0 – Plantation drive on World Environment Day, honouring mothers in general and Mother Earth.
- Standing by the Elderly – Visit to Sarthak Prayas Old Age Home, Dwarka, promoting care and respect for senior citizens.
- Spreading Diwali Smiles – Orphanage visit following a donation drive, sharing gifts and festive cheer.
- Ek Muthi Grain Donation Drive – Collaboration with Delhi Govinda Rotary Club on National Unity Day to support underprivileged families.
- Financial Literacy Workshop – Conducted by Class XI students for female support staff on saving, budgeting, and digital payments.
- Visit to Maika – Outreach program supporting widowed, divorced, and separated women, along with children and the elderly.

Students developed compassion, leadership, and community awareness, contributing positively to society.

# WHISPERS OF WELL BEING: *Anubhuti*

- Student Workshops – Communication, trust-building, mindfulness, emotional regulation, and self-management.
- Educator Development – Sessions including Fostering Mental Health in Early Childhood.
- Awareness Programs – Substance abuse, cyber safety, child protection, and POCSO training.
- Experiential Learning – Play with Purpose, integrating values, inclusion, and life skills.
- Career Guidance Platforms – DCEB & InspireED Career Fairs, international university sessions, psychometric testing, FICCI Higher Education Summit.
- Leadership & Global Exposure – Youth leadership summits and programs like In Control for Grade XI.
- Skills & Awareness Workshops – Time management, digital literacy, Mental Health Week, Human Rights Day, and anti-drug education.
- Outreach & Resources – SEL workshops for external school teachers and monthly curated resources for students, parents, and staff.

**Students strengthened resilience, leadership, holistic skills, and social awareness, preparing them for future success.**

# SOWING SEEDS, GROWING CHANGES : *Ankuran*

## Key Highlights:

- Awareness Assemblies – Topics included plastic donation, Project Dolphin, and sustainable fashion.
- Workshops & Internships – For Grades VI+ in collaboration with GoSharpener.
- Plastic Donation Drive – A four-month campaign with ICPE.
- Eco Club Initiatives – Say No to Crackers, plantation drives, and Best Out of Waste activities.

Students demonstrated environmental awareness, responsibility, and leadership toward building a sustainable future.

2025 at Sri VIS was marked by active student participation, community engagement, and impactful initiatives. From serving society to leading sustainability projects and nurturing life skills, our students have embodied the school's values and set a benchmark for future achievements.

Here's to continuing the journey of learning, service, and leadership in 2026!

# WINTER WONDERLAND THE CARNIVALESQUE SPIRIT

SVIS came alive with festive cheer, laughter, and magical moments during the two-day Winter Wonderland celebration. With Food Influencer Mr. Tikku, the soulful music of Kunal Pandit, and engaging activities for all, the event brought the entire SVIS community together, creating joyful memories and a truly unforgettable experience.

# WINTER WONDERLAND

# HAVAN & FAREWELL FOR THE OUTGOING BATCH

SVIS held a serene Havan Ceremony to seek divine blessings for the outgoing Class XII batch. The sacred ritual filled the campus with peace, gratitude, and reflection, as students, teachers, and leaders prayed for wisdom, strength, and success.

The Batch of 2026 celebrated their farewell in a heartwarming mix of music, dance, and memories. From the theatrical presentation “Bus Yaadein Reh Jaati Hai” to a nostalgic montage, every moment captured the joy, gratitude, and bonds forged over the years. The crowning of Ms & Mr Style Icon, Ms Poise and Panache, and Ms & Mr SVIS added sparkle to the ceremony, leaving the graduating batch with cherished memories and bright dreams ahead.

## THE PAGE WE HAVEN'T WRITTEN YET

“The year has drawn its final curtain, yet the echoes of laughter, the spark of curiosity, and the quiet triumphs of each day linger, whispering of stories still waiting to unfold. Every challenge met, every question asked, every friendship forged, has left its ink upon the pages of our journey—but the book is far from complete. Ahead lie blank pages, shimmering with possibility, inviting us to dream without fear, to imagine without limits, and to write with courage, kindness, and wonder.

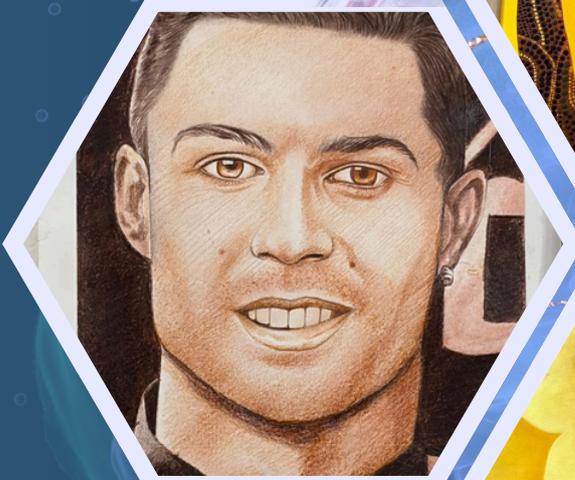

Each ending is a gentle beginning, and every lesson learned is a compass guiding us toward new adventures. Together, as a school, we carry forward the spark of curiosity, the warmth of community, and the courage to create, knowing that the chapters yet to come will be brighter, braver, and more beautiful than anything we have written so far.”

TEAM SVIS

*Every stroke is a story in the canvas of SVIS.*

At SVIS, every brushstroke, every splash of colour, every creation tells a story. From imagination to canvas, our students bring their ideas to life, blending creativity, expression, and joy. Here, art is more than skill, it's a journey, a voice, and a celebration of curiosity.

*Every page turned, every milestone reached –  
carries a piece of each one of us.*
