CIRCULAR

OPEN DOOR CLASS XII

Dear Parents,
Greetings!

An Open Door Assessment in Mathematics will be conducted for class XII students to assess conceptual understanding in the chapters Trigonometry, Limits, and Derivatives required for a strong start to the curriculum of class XII.

Assessment Schedule:

- Learning Assessment (30 marks): 9 March 2026
- Followed by Relearning Sessions
- Relearning Assessment : 13 March 2026

This initiative aims to identify learning gaps, strengthen core concepts, and enhance students' confidence through focused academic support.

IMPORTANT:

Marks obtained in this assessment will not be included in any internal or term evaluations. The purpose of the assessment is purely diagnostic and developmental.

Further details regarding the mode and timing will be shared shortly.

Warm regards,

Principal
