Dear Parents

In alignment with the guidelines of the Central Board of Secondary Education under the National Education Policy (NEP 2020) and the recommendations of the National Curriculum Framework (NCF-2023), the school is implementing the structured Three-Language Policy as part of the multilingual vision of education.

To help parents clearly understand the objectives, structure, and implementation of this policy, a **mandatory orientation session** has been scheduled as per the details below for the parent of Class VI.

**Date:** 8th April 2026 (Wednesday)

**Time:** 8:30 a.m.

**Venue:** School Auditorium

The school will now be offering **Punjabi** and **Sanskrit** as the third language option. You are requested to guide your child in choosing one of these languages.

Please note that the foreign language (**French**) opted for earlier by students will continue to be taught in school as an additional language.

Your presence is compulsory, (Only one parent) as your understanding and cooperation are essential for the smooth implementation of this policy.

We look forward to your valuable participation.

  
Principal
