

# Welcome Activities

---

Event: New Session

Organised by : ITL PUBLIC SCHOOL

Classes : I – VIII

“Every new beginning opens the door to fresh opportunities and new experiences.”

ITL Public School warmly welcomed the students of Classes III to VIII for the academic session 2026–27 with thoughtfully planned activities aimed at creating a positive and engaging start to the year. A special assembly featured melodious songs, an engaging skit based on Utkal Diwas highlighting the rich culture and heritage of Odisha, and a graceful dance performance by teachers on an Odia song, which added vibrancy to the celebration and set an inspiring and cheerful tone for the day.

The day started with interactive ice-breaking sessions, helping students reconnect, build confidence, and feel comfortable. Class III students expressed themselves through an “All About Me” activity, where they spoke confidently about their interests, hobbies, and personal experiences using objects brought from home. This activity helped enhance their communication skills, self-awareness, and confidence.

Classes IV–V explored their creativity through the “Print Palette” activity, where they designed colourful table mats using block printing and sponge techniques with vibrant paints. This hands-on experience encouraged artistic expression, imagination, and the development of fine motor skills.

Classes VI and VII engaged in “Affirmation Imprints,” writing positive and motivating statements that reinforced confidence, resilience, and a growth mindset. Class VIII students took part in “Handprint Reflections,” creatively expressing their goals, aspirations, and individuality through decorated hand cut-outs, promoting self-awareness and purposeful thinking.

These activities promoted positivity, self-expression, and emotional well-being, encouraging students to begin the new academic session with confidence, purpose, and a growth-oriented mindset.
