

# EARTH DAY

Earth Day was commemorated in the school on 22<sup>nd</sup> April, 2026 with great enthusiasm to promote awareness about environmental conservation. Various activities were conducted during the club activity period including plantation and PowerPoint presentation by students. Poster making activity was conducted in the classes to foster **creativity, environmental awareness, critical thinking, and a sense of responsibility towards protecting the planet.**

A *Jal Shapath* (water conservation pledge) was taken by the students, reaffirming their commitment to use water judiciously and promote sustainable practices. Awareness was further spread through the display of posters highlighting the importance of conserving water and electricity. Students also had the opportunity to observe the school's solar panels, helping them understand the use of renewable energy.

In addition, a dance titled "*Ek Ped Ke Naam*" was performed by the students during the school assembly, conveying a meaningful message about saving trees. An Inter-House competition under the theme "Trash to Treasure: Earth

Forever" was also organized, encouraging students to creatively reuse materials and adopt eco-friendly practices.
