

## LEARNING BEYOND THE CLASSROOM: A NATURE WALK

**ACTIVITY:** Nature Walk

**DATE:** 7 April 2026

**CONDUCTED BY:** Class 5A

The students participated in a refreshing and educational nature walk that beautifully blended learning with exploration. As they walked through their surroundings, they keenly observed a variety of plants and appreciated the beauty of nature up close. The activity sparked engaging discussions on the importance of plants in our daily lives—providing oxygen, food, shelter, and maintaining a clean and healthy environment. Students also reflected on the need to protect and preserve nature for future generations. The experience proved to be both enjoyable and enriching, fostering curiosity and a deeper appreciation for the natural world.
