### **Glimpse of the Event**

The Lingua Franca Club of the school successfully organised an engaging activity titled “Idea Canvas – Visualising Thought” for the students of Grade VIII on 6 May 2026. The activity aimed to encourage students to think beyond words and represent their ideas visually using creativity and imagination.

The event began with a brief introduction explaining the purpose and guidelines of the activity. Students were given abstract themes such as Courage looks like..., The Sound of Silence, A World Ruled by Kindness, Inside My Mind, and If Time Could Speak. Based on these themes, students created symbolic visual canvases on A3 sheets using colours, doodles, shapes, and keywords.

Students participated enthusiastically and showcased remarkable originality in their work. Each canvas reflected unique perspectives and deep interpretation of the given themes. The activity emphasized visual expression over textual content, allowing students to explore their imagination freely.

Following the creation phase, each student confidently presented their canvas in front of the class within the allotted time of 2–3 minutes. They explained the meaning behind their symbols and shared their thought processes, which helped enhance their speaking skills and self-expression.

The activity not only fostered creativity but also built confidence and improved communication skills among students. It provided a platform for learners to express abstract ideas in a meaningful and artistic manner.

Overall, the event was a great success and was appreciated for encouraging innovative thinking and active participation. It truly reflected the spirit of experiential learning and creative expression.
