Golden Sun and sky so blue.

Little learning and so much fun.

Holidays are always welcome.

Summer vacation is the most awaited time to relax and rejuvenate. It is a wonderful opportunity to acquire new hobbies and indulge in creative activities and hence make our holidays interesting and fun.

Dear Parents

As the holidays begin we all make plans to relax and enjoy. To keep the children in touch with studies we have put together some revision work to enhance their learning skills through fun filled activities.

It is the time to bond with your child while getting involved and doing activities together to create lifetime memories.

Get close to nature

Take your child for regular morning walk to the park. This will help your ward to develop a healthy habit. Make him/her aware of the various plants, trees, flowers, leaves and birds etc.

Conversing in English

Encourage your ward to converse in English at home using short and simple sentences. For example:-

- May I go to the park.
- I am feeling hungry.

Reading is fun

Read a short bed time story as the children learn from illustrations and pictures.

Good habits and good manners

Help your child to practice good manners and healthy habits at home.
For example:-

- Wake up early in the morning.
- Respect your elders.
- Cover your nose/mouth while coughing and sneezing etc.

Helping hands

Children must learn basic life skills which will make them responsible and independent. For example: laying and clearing the dining table, folding clothes, button up their shirt, arranging the books neatly etc.

Little chefs

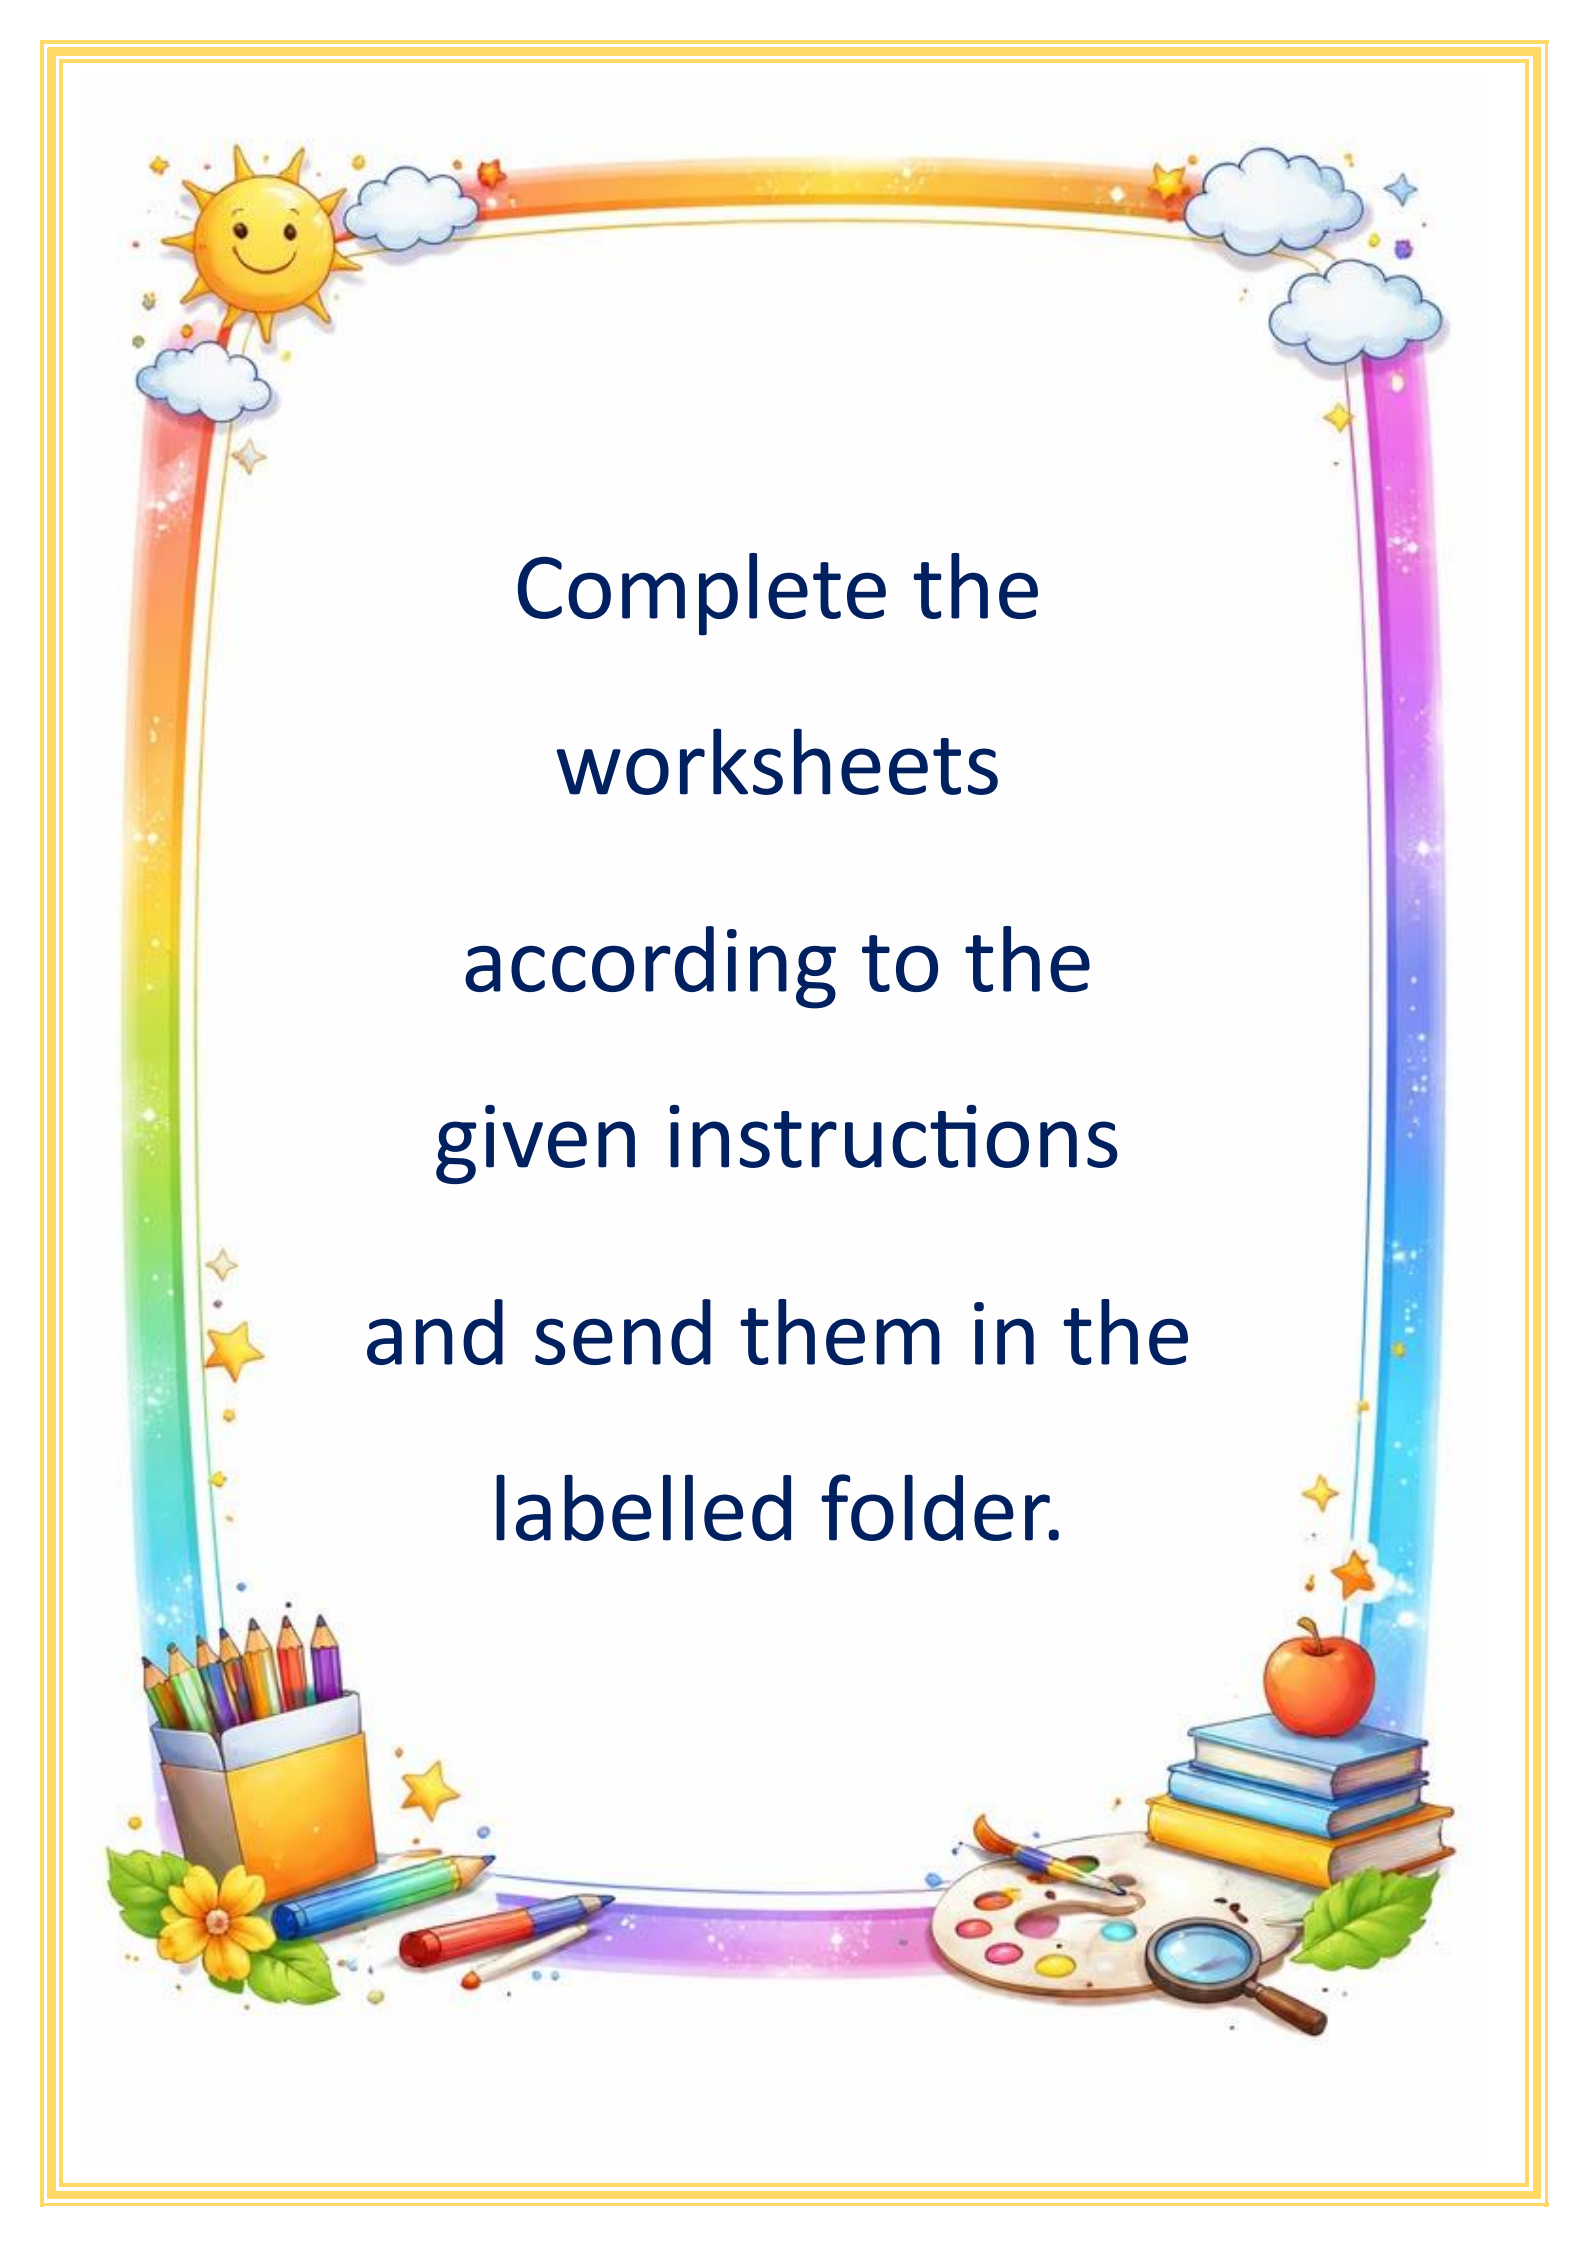

Cooking with your children is a great way to help them to love the food. They can assist you in making lemonade, assembling a sandwich and mixing fruits etc. This will boost their creativity and develop love for food.

Young champs

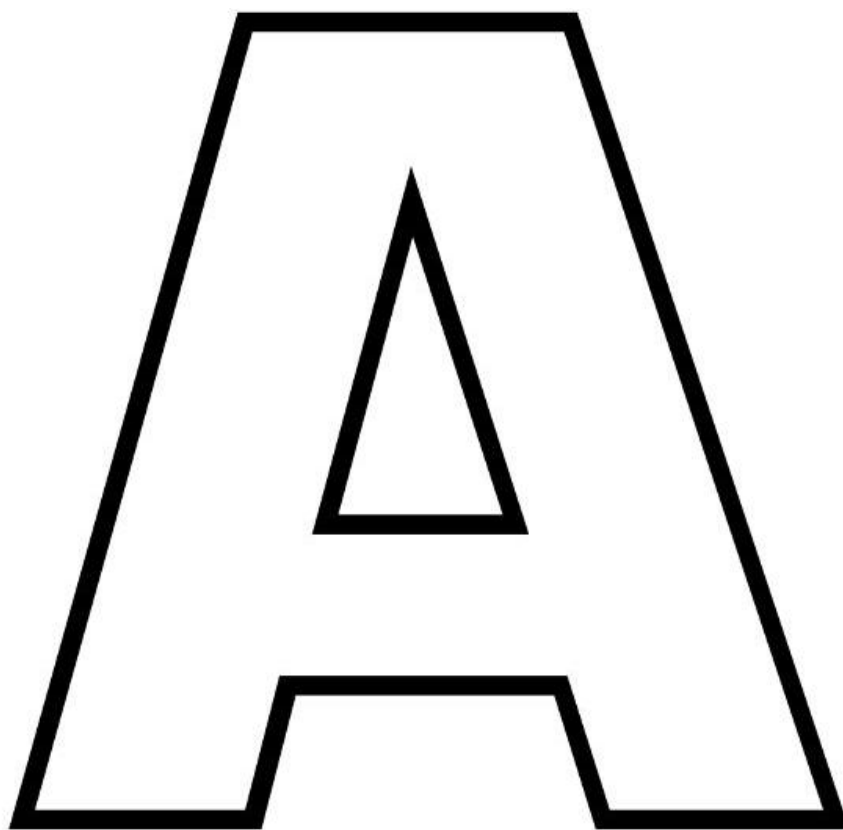

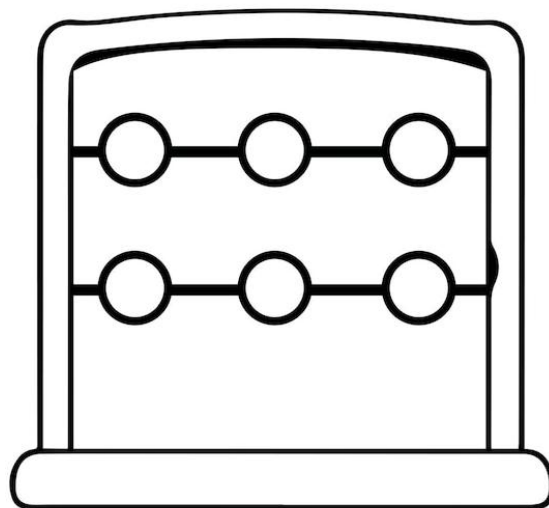

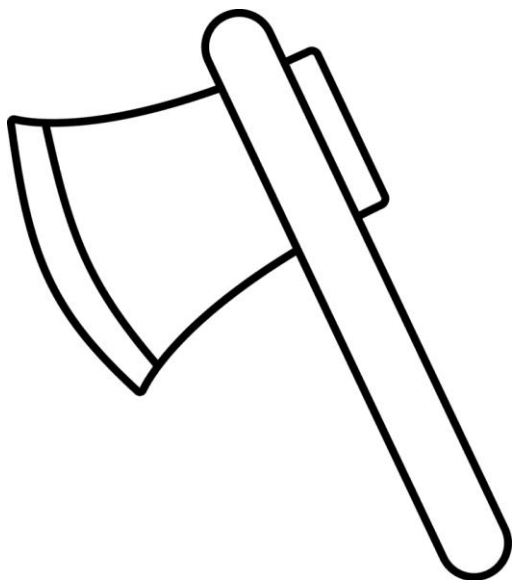

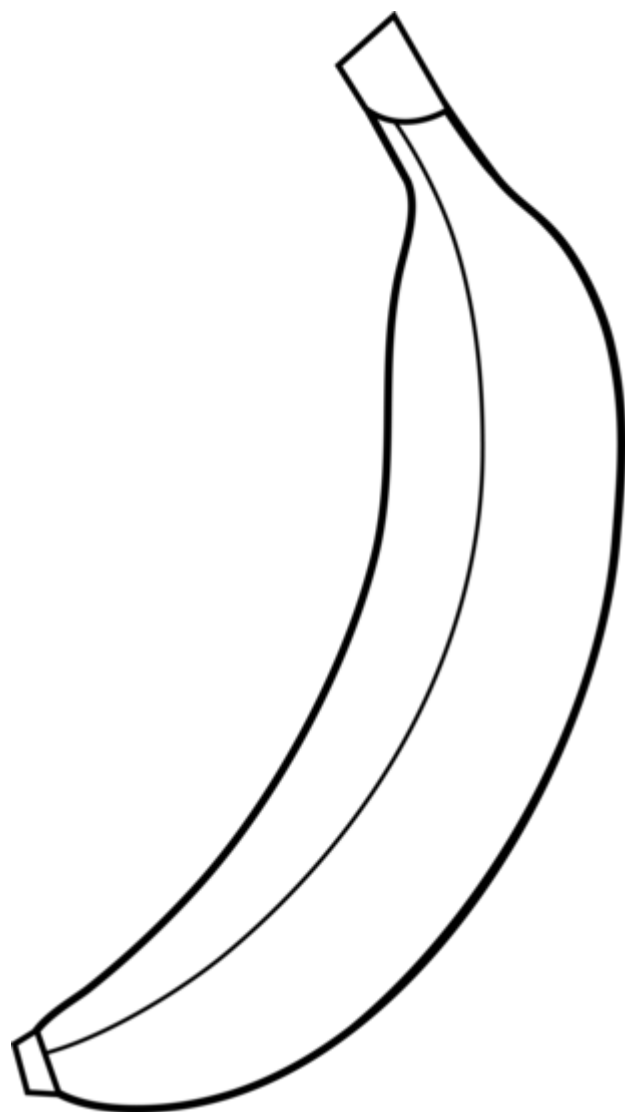

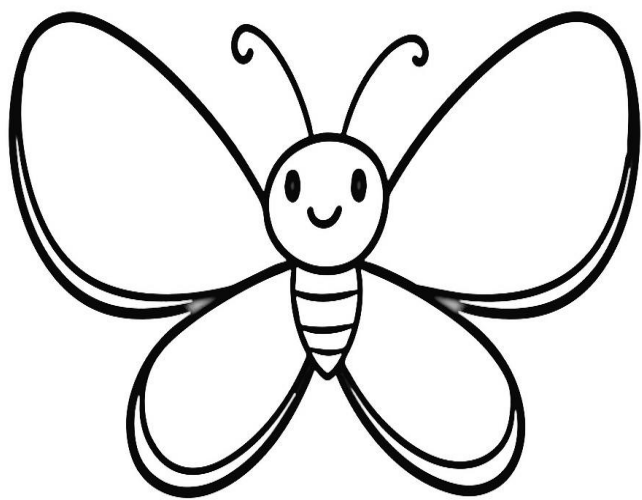

Encourage your child to play outdoor games. Engaging in sports enhances their motor skills, agility and physical development.
