HOLIDAY HOMEWORK

Dear Students

Vacations provide an opportunity for creative exploration, innovation, and productive learning. Keeping this in mind, we have thoughtfully prepared holiday assignments blended with academic enrichment to strengthen the educational journey. Through these multidisciplinary tasks, we aim to encourage our students to discover their hidden abilities and excel across diverse areas. We also motivate students to manage their time effectively and actively participate in outdoor games, as these are essential for physical fitness and overall well-being. This summer break, imagine and achieve, explore and create, progress with determination, and rise towards greater milestones with commitment, enthusiasm, and a strong sense of purpose.
