bursting with fun, learning, crafts, and games!**

Dear Parents,

Summer Vacation is finally here – a wonderful time for children to relax, explore, learn, and create beautiful memories with family. While vacations are meant for enjoyment and rejuvenation, they also provide a great opportunity for children to develop new skills and continue learning in fun and meaningful ways.

To make this vacation productive and enjoyable, we have planned a few engaging activities and assignments that will help keep the children's skills sharp and concepts clear. We request you to encourage and guide your child to complete the holiday homework neatly and sincerely.

Kindly ensure that your child:

 - Wakes up early and stays physically active through yoga or exercise.
 - Helps in small household chores like watering plants, dusting, and arranging things.
 - Appreciate nature and go for "Nature Walks", plant trees and spread the message of "Nature Conservation".
- 

Dear Students,

- Pray to almighty daily and thank for the blissful life that you enjoy.
- Spend time with your parents and grandparents, their rich experience will help you overcome challenges with ease.

Fun with books: Read story books with suitable morals with your child. Have walk together and talk to your children about what are their likes and dislikes. Who was there favourite character etc.
